STATE OF TENNESSEE
FISCAL YEAR 2012-13 CAPER
EXECUTIVE SUMMARY

The Consolidated Annual Performance and Evaluation Report (CAPER) serves as the State of Tennessee's annual performance report to the U.S. Department of Housing and Urban Development (HUD) for four formula grant programs; Community Development Block Grant (CDBG), Home Investment Partnership Program (HOME), Emergency Solutions Grants (ESG) and Housing Opportunities for Persons Living with AIDS (HOPWA). The reporting period for the Fiscal Year (FY) 2012-13 CAPER is July 1, 2012 – June 30, 2013. As in previous years, the annual reports completed by each agency are included as appendices to this document.

In January 1995, the final rule "Consolidated Submission for Community Planning and Development Programs" was published in the Federal Register. The final rule amended HUD's regulations for Comprehensive Housing Affordability Strategies (CHAS) with a single rule that consolidated planning, applications and reporting aspects of the four formula grant programs. The names of the grant programs, the administering state agencies and the HUD allocations for (FY) 2012-13 are as follows:

- Community Development Block Program (CDBG) administered by the Tennessee Department of Economic and Community Development (ECD), \$24,488,568
- HOME Investment Partnership Program (HOME) administered by Tennessee Housing Development Agency (THDA), \$9,924,071
- Emergency Solutions Grants (ESG) administered by THDA, \$3,619,757
- Housing Opportunities for Persons with AIDS (HOPWA) administered by the Tennessee Department of Health (DOH), \$947,455

Based on two substantial amendments to the Consolidated Plan that were submitted during FY12, both the HOME and ESG programs have experienced changes. The substantial amendment to the HOME Program was approved on April 27, 2012. The changes to the program were slated to affect 2012 HOME funds, as outlined in the State of Tennessee's FY 2012-13 Annual Action Plan. However, based on the absence of a final HOME rule, Tennessee did not award 2012 HOME dollars during FY13. The substantial amendment to the ESG program, which provides a description of the ESG program and its impact on performance measures, was approved by HUD on July 10, 2012.

In addition to discussing the resources made available to the State of Tennessee in FY 2012-13 through the four formula programs, this document reports the performance of the State of Tennessee in meeting objectives and action steps contained in the 2010-15 Consolidated Plan and assesses the State's overall performance in meeting affordable housing goals. The State has again incorporated the "Optional Table 3B: State Annual Housing Completion Goals" found in Appendix E of this report, to better link HUD's outcome system to the State of Tennessee's objectives, action steps, activities and performance measures.

Other affordable housing resources made available to the state or having an impact on the state's performance are also discussed and include HUD's Section 8 Tenant Based Housing Choice Voucher and Project Based Rental Assistance Programs, the THDA Homeownership Programs, the THDA Rural Repair Program, the THDA BUILD Loan Program, the Community Investment Tax Credit Program, the THDA

Emergency Repair Program (ERP), the Low-Income Housing Tax Credit (LIHTC) Program and the Multi-Family Bond Authority.

During FY 2012-2013, THDA, the Tennessee Department of Economic and Community Development and the Tennessee Department of Health, known collectively as the Consolidated Partners, worked with a consultant with extensive experience in conducting Analyses of Impediments to Fair Housing Choice for states to complete an Analysis of Impediments for the non-entitlement areas of the state. Results of the study are outlined in this report.

While THDA has been designated as the lead agency for Tennessee's consolidated planning requirements, all of the administering agencies of the four formula grant programs participate in the development of the CAPER and administration of their respective programs. The FY 2012-13 CAPER represents the cooperation of these agencies to further affordable housing and community development in Tennessee. In addition, the plan is developed in consultation with the citizens of our state. The draft plan is made available for review and public comment according to the guidelines developed by the five-year Consolidated Plan.

PART I

DESCRIPTION OF RESOURCES

I. DESCRIPTION OF THE RESOURCES MADE AVAILABLE

HUD Resources Made Available Under the Consolidated Planning Programs

A. Community Development Block Grant (CDBG) Small Cities Program

The CDBG program is a multi-faceted federal program that allows a variety of activities. The primary statutory objective of the CDBG program is to develop viable communities by providing decent housing and a suitable living environment and by expanding economic opportunities, principally for persons of low- and moderate-income. The State of Tennessee, through the Department of Economic and Community Development (ECD), administers the CDBG program for all jurisdictions in the state, except for 17 entitlement areas. THE CDBG Small Cities program received an allocation of \$24,488,568 from HUD for FY 2012-13. In addition to administering the program, each year ECD prepares the State Grant Performance/Evaluation Report (PER). The PER for FY 2012-13 is included as Appendix A of this document.

B. HOME Investment Partnership (HOME)

The Community Programs Division of THDA administers the HOME Program for the State of Tennessee. THDA administers the HOME Program for those jurisdictions not designated by HUD as a local Participating Jurisdiction (PJ). The local PJs that receive HOME funds directly from HUD are: Clarksville, Chattanooga, Jackson, Knoxville, Memphis, Nashville-Davidson County, Knox County, Shelby County and the Northeast Tennessee/Virginia Consortium (the Cities of Bluff City, Bristol, Johnson City, Kingsport, Sullivan County and Washington County, excluding the Town of Jonesborough). The HOME Program is an affordable housing program that provides federal funds to states and the local PJs to carry out multi-year housing strategies. The purpose of the program is to expand the supply of decent, safe, sanitary and affordable housing for low- and very low-income households. Local governments, public agencies and non-profit organizations are all eligible applicants for HOME funds.

In 2012, the State received an allocation of \$9,924,071. The funds are awarded competitively to local communities and non-profit agencies, including community housing development organizations. However, on December 16, 2011, HUD published a new proposed regulation for the HOME Program, which made significant changes to the HOME rule. Because the new HOME rule would apply to any grants with 2012 funds, THDA opted not to accept any applications for 2012 until the new rule was released. The new rule was not published until July 24, 2013; therefore, THDA did not accept any applications or award any HOME funds during FY 2012-13.

C. Emergency Solutions Grants (ESG) Program

The Emergency Solutions Grants (ESG) replaced the Emergency Shelter Grants in May 2009 with the passage of the Homeless Emergency Assistance and Rapid Transition to Housing (HEARTH) Act. ESG provides funding to local governments and non-profit service providers to assist individuals and families quickly regain stability in permanent housing after experiencing a housing crisis or homelessness. The Community Programs Division of THDA administers the program on behalf of the State of Tennessee to

increase the number and quality of emergency shelters and transitional housing facilities for homeless individuals and families; to operate these facilities; to provide essential social services; to provide street outreach services; to provide rapid rehousing assistance; and to provide Homeless Management Information Systems (HMIS). As part of the transition from Emergency Shelter Grants to Emergency Solutions Grants, HUD distributed the 2011 ESG funds in two allocations. In July, 2011, THDA awarded the first allocation of 2011 ESG funding in the amount of \$1,534,841 to existing grantees under the Emergency Shelter Grant regulations. On January 4, 2012 the interim regulations for the Emergency Solutions Grants Program was made final. In order to receive the second allocation of 2011 ESG funding for \$863,348, the state was required to complete a substantial amendment to the Consolidated Plan. The substantial amendment, which provides a description of the ESG program and its impact on performance measures, was approved by HUD on July 10, 2012. The second allocation of 2011 ESG funds were awarded competitively under the HEARTH-ESG (HESG) regulations in contracts beginning October 1, 2012. The 2012 allocation for HESG for Tennessee was \$2,756,409. The 2012 HESG funds were awarded competitively in contracts beginning March 1, 2013. During the reporting period, \$3,619,757 was made available by HUD for the HESG Program. THDA prepared an ESG beneficiary report, which is included in Appendix C of this document.

D. Housing Opportunities for Persons with AIDS (HOPWA)

HOPWA provides funding to nonprofit service providers to offer housing assistance and related supportive services to persons living with HIV/AIDS and their families. The Tennessee Department of Health (DOH) administers the program for the State of Tennessee and provides funds to seven project sponsors across the state that directly administer the program. HOPWA funds are used to provide assistance in the following five categories: Housing Information Services; Housing Assistance (Short-term Rent, Mortgage and Utility Payment Program); Supportive Services; Permanent Housing Placement; and Ongoing Housing Assessment Plans. HOPWA funds are also used towards the state's administrative costs and the administrative costs of service providers. During FY 2012-13, \$947,455 was made available by HUD for the HOPWA Program. DOH prepared the annual HOPWA report, which can be found in Appendix D of this document.

Other Resources Made Available

E. HUD Section 8 Tenant Based Housing Choice Voucher Program

THDA administers the Section 8 Tenant Based Housing Choice Voucher (HCV) program. The Rental Assistance Division of THDA, which administers the Section 8 Housing Choice Voucher program, operates in 74 of Tennessee's 95 counties. During the reporting period, approximately \$32,643,531 was made available for the Section 8 Tenant Based HCV program.

F. HUD Section 8 Project Based Rental Assistance

The Contract Administration Division of THDA administers the Section 8 Project Based contracts and is responsible for the monthly Housing Assistance Payments (HAP) to Section 8 properties throughout the state. At the end of the reporting period, 29,001 units of affordable housing were provided. HAP for the year were \$148,101,848.

G. Low Income Housing Tax Credit Program

The Low Income Housing Tax Credit (LIHTC) program is authorized under Section 42 of the Internal Revenue Code and is administered by THDA. The program offers owners and investors of low income rental housing a reduction in federal income tax liability over a period of 10 years. The Internal Revenue Service allocates tax credit authority to states on a calendar year basis. The State of Tennessee does not receive actual dollars, but instead receives tax credit authority. In Calendar Year (CY) 2012, the state was authorized to issue \$14,387,727 in 2012 tax credits to non-profit and for-profit developers of low-income housing. THDA forward committed \$11,500,000 of the 2012 tax credits in 2011. THDA issued \$2,799,277 tax credits in 2012 and the remaining \$88,450 will be carried forward to 2013. Additionally, THDA allocated \$1,595,427 in non-competitive credits available for non-profit and for-profit developers in conjunction with the Multifamily Bond Authority Program. The cumulative tax credits awarded during the reporting period, excluding the forward committed funds from 2011, was \$4,394,704.

H. Multifamily Bond Authority

THDA authorizes allocations of tax-exempt bond authority to local issuers for permanent financing of multifamily housing units in the state. The authority can be used to provide permanent financing for new construction of affordable rental housing units, conversion of existing properties through adaptive reuse or acquisition and rehabilitation of rental units. Applications are scored and points are awarded based on certain conditions. In addition, some units must be occupied by households with low-income: 20 percent of the units must be occupied by households with incomes no greater than 50 percent of area median income (AMI), or 40 percent of the units must be occupied by households with incomes no greater than 60 percent of AMI. Seventy-five percent of the units must be occupied by households with incomes no greater than 115 percent of the AMI. In CY 2012, THDA made \$32,884,454 authority available to local issuers.

I. THDA Homeownership Programs

The Great Rate, Great Start, Great Advantage and New Start homeownership programs provide opportunities for low- and moderate-income persons to purchase their first home¹. Great Rate is the basic homeownership program. Great Advantage offers an interest rate slightly above Great Rate and borrowers receive two percent of the mortgage amount to be used for down payment and/or closing costs. Great Start provides four percent of the purchase price in down payment or closing cost assistance in exchange for a slightly higher interest rate. The New Start zero percent Mortgage Loan Program is delivered through non-profit organizations that have established programs for the construction of single family housing for low- and very-low income households. It is designed to promote single family construction for very low income families². All four programs include limitations on eligibility based on household income and acquisition costs.

In April 2011, THDA began a special mortgage interest rate discount for active and retired members of the military called Homeownership for the Brave. Service members can apply for the “Homeownership

¹ The first-time homeownership requirement is waived for persons who wish to purchase a home in one of the federally targeted areas and veterans. A Targeted Area is a qualified census tract or an area of chronic economic distress as designated by the IRS.

² Effective January 23, 2006, the New Start Program became a two-tiered program. Tier I is still zero percent loan program for very low income (60 percent or less of the state median income) people. Tier II allows the borrower to have a slightly higher income (70 percent of the state median income) than Tier I, and in exchange the borrower pays a low fixed interest rate (half of the interest rate on the Great Rate program). In the reporting period, eight of the New Start loans were Tier II.

for the Brave” discount, which is a ½-percent interest rate deduction on Great Rate, Great Advantage and Great Start Programs. The program started as a temporary program, but in March 2013, the Board of Directors at THDA voted to make this veteran discount a permanent program.

THDA is not a direct lender to borrowers, but works with approved mortgage lenders across the state to originate the loans. THDA either provides funds to approved mortgage lenders to close pre-approved THDA loans, or purchases pre-approved loans from the lenders after the loans are closed. At the end of the reporting period, THDA mortgage loans totaled \$212,167,036.

J. BUILD Loan Program

In November 2005, THDA initiated the BUILD Loan Program to build the capacity of nonprofit organizations to provide affordable housing to low-income Tennesseans. The approximately \$5 million loan program supports the production of affordable housing by providing low interest, short-term loans to eligible nonprofit organizations. BUILD loan funds may be used for new construction or rehabilitation of units for homeownership or rental housing, land acquisition, pre-development activities, and site preparation. During FY 2012-13, \$200,000 was made available by THDA for an affordable housing development.

K. Community Investment Tax Credit

THDA administers the Community Investment Tax Credit (CITC) in cooperation with the Tennessee Department of Revenue. CITC allows financial institutions to obtain a credit against the sum total of taxes imposed by the Franchise and Excise Tax Laws when qualified loans, investments, grants or contributions are extended to eligible housing entities for engaging in eligible low-income housing activities. Eligible housing entities include Tennessee based non-profit organizations, public housing authorities and development districts. Eligible activities under CITC include activities that create or preserve affordable housing for low-income Tennesseans, activities that assist low-income Tennesseans in obtaining safe and affordable housing, activities that build the capacity of an eligible non-profit organization to provide housing opportunities for low income Tennesseans and any other low-income housing related activity approved by the THDA Executive Director and the Commissioner of the Tennessee Department of Revenue. The amount of the credit is applied one time and is based on the total amount of the loan, investment, grant or contribution; or the credit may be applied annually for qualified loans and qualified low rate loans and are based on the unpaid principal balance of the loan. During FY 2012-13, THDA and the Tennessee Department of Revenue, awarded credits through CITC for 39 different affordable housing projects with a total investment of \$49,465,699. Additionally, \$31,000 in contributions was made to assist in Homebuyer Education and Counseling for a total of \$49,496,699 in investments, grants and contributions.

L. Emergency Repair Program

In January 2007, THDA created the \$2 million statewide Emergency Repair Program (ERP). The program provides grants to low-income homeowners who are 60 years old or older to correct, repair or replace an essential system and/or critical structural problem. The purpose of the program is to stabilize the elderly homeowner’s residence by making rapid, essential repairs to make the home livable. In FY 2012-13, the ERP program was administered through Tennessee’s nine Development Districts. THDA provided \$1,535,419, including an additional \$148,576 available for administrative costs. The total funds available during the reporting period, with the required match by the Development Districts, was \$2,804,136.

M. Rural Repair Program

THDA partners with the Rural Housing Service (RHS) division of the US Department of Agriculture (USDA) for its Rural Repair Program. The program offers grants and loans to assist rural, low-income homeowners in need of repairs that will remove health or safety hazards or will help improve accessibility for a homeowner with a disability. The THDA grant is restricted to 50 percent of the RHS approved repair costs and cannot exceed \$7,500 per household for elderly or disabled homeowners. The THDA grant is restricted to 30 percent of the RHS approved repair costs and cannot exceed \$5,000 per household for non-elderly, non-disabled households. Households can receive a loan and a grant for a maximum of \$27,500 for their home. The THDA portion of the program offers grants only. During FY 2012-13, THDA provided \$524,693 to the program.

Summary

During FY 2012-13, the State of Tennessee had over \$484 million available to assist its low- and moderate-income citizens with housing and community development. Federal assistance through the four formula grant programs covered by the 5-year Consolidated Plan totaled \$39 million. Other resources made available for housing and community development amounted to over \$445 million. The following sections of this report will demonstrate how these programs assisted low- and moderate-income Tennesseans during FY 2012-13 with the available resources.

II. INVESTMENT OF AVAILABLE RESOURCES

HUD Resources Made Available Under the Consolidated Planning Programs

A. Community Development Block Grant (CDBG) Small Cities Program

During the reporting period, 58 awards were contracted to new subrecipients or city and county governments totaling \$24,598,542 through the CDBG Program. This amount included the 2012-13 award amount plus additional funds that were recaptured, unspent funds from completed projects from previous years. The activities proposed by subrecipients with contracts are summarized in the following table. Each number in the frequency column represents a local government recipient carrying out the described activity. Each local government may carry out multiple activities. More detailed information is contained in the PER (Appendix A). The CDBG program allows for contracts between ECD and local governments to vary in term. Many contracts continue into subsequent fiscal years. As was the case in previous years, the largest portion of funds awarded (77 percent) was designated for public facilities improvements.

Awards by Activity Type
CDBG Program

Activity	CDBG Activity Number	Frequency	Amount	Percent of Total Funds
Clearance	2, 6	11	\$2,629,999	10.6%
Relocation	8	3	\$565,500	2.3%
Administration, Planning and Management	13, 13 (P)	56	\$1,441,256	5.8%
Public Facilities, Water/Sewer	4A, 4B	44	\$18,993,527	76.8%
Residential Rehabilitation	9A	4	1,114,500	4.5%
Total	-	118	\$24,744,782	100%

B. HOME Investment Partnership (HOME)

During FY 2012-13, the HOME Program was awarded \$9,924,071. Because the new HOME rule would apply to any grants with 2012 funds, THDA opted not to accept any applications for 2012 until the new rule was released. The new rule was not published until July 24, 2013; therefore, THDA did not accept any applications or award any HOME funds during FY 2012-13.

The state may spend up to 10 percent of its allocation for administrative and planning expenses. The state uses three percent of the total funds available for its own administrative expenses and the remaining seven percent is available to pay the administrative costs of the local government and non-profit grant recipients. Fifteen percent of the total allocation is reserved for eligible Community Housing Development Organizations (CHDOs) and 10 percent of the total allocation is reserved for Special Needs projects.

C. Emergency Solutions Grants (ESG)

During FY 2012-13, \$3,619,757 was made available for the ESG Program. The total amount of funds awarded consisted of the 2011 ESG Second Allocation funding in the amount of \$863,348, which occurred beginning October 1, 2012, and the 2012 ESG funding, in the amount of \$2,756,409, which occurred beginning March 1, 2013.

Contracts between THDA and eligible ESG entities are for one-year terms and regularly coincide with the state's fiscal year. In the 2011 ESG Second Allocation, two cities and 11 non-profits were awarded funds on a competitive basis to provide Homeless Prevention and Rapid Rehousing services, HMIS and program administrative activities. The total amount awarded under the Second Allocation 2011 was \$863,348.

The 2012 ESG funding awarded the first \$100,000 of ESG funds, which did not need a match, to seven Mental Health Regional Housing Coordinators who provide homeless assistance programs for the mentally disabled. This activity will meet HUD's Discharge Planning requirement to ensure that persons being released from hospitals, prisons and mental health facilities are not discharged with no place to go. Another targeted subrecipient was the City of Chattanooga, which was awarded \$84,000. Fifty-two percent of the remaining funds were awarded to 11 entitlement cities in a formula-based allocation. The remaining 48 percent was awarded on a competitive basis to non-profits throughout the state. This grant term is March 1, 2013 through February 28, 2014. During this reporting period, \$2,756,409 was awarded for the operation and maintenance of homeless shelters, essential services, homeless prevention, rapid re-housing, HMIS and program administrative costs.

Total for Second Allocation of 2011 ESG Funding	\$2,756,409
Total FY 2012-13 ESG Funding	\$3,619,757

D. Housing Opportunities for Persons with AIDS (HOPWA)

During FY 2012-13, the Tennessee Department of Health (DOH) awarded \$947,455 to the seven project sponsors across the state, administering the HOPWA Program. Contracts between DOH and the project sponsors are for one-year terms and coincide with the state's fiscal year (July 1 – June 30). DOH retains two percent of the total allocation for state administrative costs. Grantees that were awarded funding during the reporting period and the state's administrative costs are shown in the table below.

Other Resources Made Available

E. HUD Section 8 Tenant Based Housing Choice Voucher Program

The THDA Rental Assistance Division administers the Section 8 Tenant Based Housing Choice Voucher program through nine field offices throughout the state and provides services to the families participating in the program. In FY 2012-13, the Rental Assistance Division had \$32,643,531 available for Section 8 Housing Choice Voucher Program.

F. HUD Section 8 Project Based Rental Assistance

The THDA Contract Administration Division administers Project Based units throughout the state. During FY 2012-13, the Housing Assistance Payments (HAP) totaled \$148,101,848.

G. Low Income Housing Tax Credit Program

The State of Tennessee used its 2012 tax credit authority in the amount of \$14,387,727 during CY 2011 and 2012. The total includes \$11,500,000 worth of 2012 competitive allocations that were forward committed during the CY 2011. Of the remaining tax credits, \$2,799,277 in tax credits were issued during the reporting period and \$88,450 in tax credits will be carried forward to 2013. Additionally, the state issued \$1,595,427 in non-competitive allocations during the reporting period. The State of Tennessee used its tax credit authority to make available tax credits for non-profit and for-profit developers of affordable housing.

H. Multifamily Bond Authority

THDA allocates a maximum of \$15,000,000 of tax-exempt bond authority to a development involving new construction and \$17,250,000 for developments involving conversion and/or acquisition. Points are awarded to applications demonstrating that developments address certain conditions – meeting housing needs, meeting energy/maintenance standards, serving special populations and increasing housing stock. In Calendar Year 2012, a total of \$32,884,454 was allocated.

I. THDA Homeownership Programs

During the reporting period, there were 1,882 loans made through the THDA homeownership programs totaling \$212,167,036. The basic homeownership program is known as Great Rate, which offers a below market interest rate loan secured by a first mortgage. Great Start offers borrowers an amount equal to four percent of the loan amount for down payment and closing costs, with a higher interest rate applied to the loan. Great Advantage offers a rate set at 30 basis point above Great Rate and two percent of the mortgage amount to be used for down payment and/or closing cost assistance. The New Start program, delivered through non-profit organizations, promotes construction of new homes for very low income Tennesseans. Loans are available to first-time homebuyers for primary residences only, and limits on household income and acquisition price varies by county. The table below shows the types and numbers of loans made during FY 2012-13.

Table 6

J. BUILD Loan Program

In November 2005, THDA initiated the BUILD Loan Program to build the capacity of nonprofit organizations to provide affordable housing to low income Tennesseans. The approximately \$5 million loan program supports the production of affordable housing by providing low interest, short term loans to eligible nonprofit organizations. BUILD loan funds may be used for new construction or rehabilitation of units for homeownership or rental housing, land acquisition, pre-development activities, and site preparation. During the reporting period, THDA made two \$100,000 loans available to the Rutherford County Habitat for Humanity for development costs. The project will assist the new construction of three homes to families with an income at or below 80 percent of the area median income.

K. Community Investment Tax Credit

THDA administers the Community Investment Tax Credit (CITC) in cooperation with the Tennessee Department of Revenue. CITC allows financial institutions to obtain a credit against the sum total of taxes imposed by the Franchise and Excise Tax Laws when qualified loans, investments, grants or contributions are extended to eligible housing entities for engaging in eligible low income housing activities. The amount of the credit is applied one time and is based on the total amount of the loan, investment, grant or contribution; or the credit may be applied annually for qualified loans and qualified low rate loans and are based on the unpaid principal balance of the loan. During FY 2012-13, THDA and the Tennessee Department of Revenue, awarded credits through CITC for 39 different affordable housing projects with a total investment amount of \$49,465,699 plus \$31,000 in Homebuyer Education and Counseling contributions.

L. Emergency Repair Program

During the reporting period, the nine Development Districts that administer the Emergency Repair Program (ERP) spent a total of \$2,804,136 to correct, repair or replace an essential system and/or critical structural problem for low income and elderly homeowners. Of this total, \$1,535,418 was provided by THDA, including \$148,576 for administrative costs. The nine Development Districts provided \$1,120,141 in match funds for the program. The table below shows the distribution of eligible activity type across Tennessee's three Grand Divisions. Units receiving ERP funds are eligible for more than one activity.

M. Rural Repair

The THDA Rural Repair Program continued its partnership with the Rural Housing Service (RHS) of the U.S. Department of Agriculture. The program provides funds for the repair of homes of low-income people. The THDA grant is restricted to 50 percent of the RHS approved repair costs and cannot exceed \$7,500 per household for elderly or disabled homeowners. The THDA grant is restricted to 30 percent of the RHS approved repair costs and cannot exceed \$5,000 per household for non-elderly, non-disabled homeowners. A grant/loan combination is made if the applicant can repay part of the cost and cannot exceed \$27,500. During the fiscal year, THDA provided \$524,693, contributing to 103 grants/loans.

Summary

The State of Tennessee expended a total of \$472,956,467 for community development and affordable housing programs during FY 2012-13. Of this total, \$39,236,065 was federal funds provided by HUD through the consolidated planning process. An additional \$433,720,402 was made available through other affordable housing programs.

III. GEOGRAPHIC DISTRIBUTION AND LOCATION OF INVESTMENTS

HUD Resources Made Available Under the Consolidated Planning Programs

A. Community Development Block Grant (CDBG) Small Cities Program

Each year, ECD prepares the state's Performance and Evaluation (PER) for the CDBG Program (Appendix A). The following table, derived from information contained in the PER, summarizes the location of CDBG subrecipients and their funding amounts by Grand Division. Of the total funding awarded, 34 percent was awarded in East Tennessee, 26 percent in Middle Tennessee and 40 percent in West Tennessee. An expanded version of this table is presented in Appendix A.

C. Emergency Solutions Grants (ESG)

During FY 2012-13, there were 54 contracts completed for the ESG Program. Of these, 24 were located in East Tennessee; 15 were in Middle Tennessee; and 15 in West Tennessee. Of the total amount of ESG funds, 43.7 percent were awarded in East Tennessee, 32.5 percent were in Middle Tennessee and 23.8 percent in West Tennessee. The grant recipients and their grand division, funding category and total award amount are given in the following table.

G. Low Income Housing Tax Credit

Low Income Housing Tax Credits are allocated on a calendar year basis. During the 2012 reporting period, five Tennessee counties received tax credits, creating a total of 845 units, 824 units of affordable housing and 21 market rate units. Geographically, no allocations were made in East Tennessee. In Middle Tennessee, allocations were made in three counties, utilizing 51 percent of the tax credits made available and in West Tennessee, allocations were made in two counties, utilizing 49 percent of the total tax credits made available. The grand divisions, counties and number of affordable housing units for 2012 are represented in the following table.

H. Multifamily Bond Authority

In CY 2012, tax-exempt bond authority was allocated to provide permanent financing for a total of five developments, which will result in 620 units of affordable housing with a total allocation of \$32,884,454. While the actual allocation is not reflected in the previous table (Table 16), the 620 units are represented, as they also received a LIHTC allocation. Table 17 shows the distribution and total allocations by county and grand division.

³ Includes 21 market rate units in Shelby County.

J. BUILD Loan Program

The THDA BUILD Loan Program is meant to build the capacity of nonprofit organizations to provide affordable housing to low-income Tennesseans. The loan program supports the production of affordable housing by providing low interest, short term loans to eligible nonprofit organizations. BUILD loan funds may be used for new construction or rehabilitation of units for homeownership or rental housing, land acquisition, pre-development activities, and site preparation. During the reporting period, THDA provided \$200,000 to Rutherford County for development costs in Middle Tennessee.

K. Community Investment Tax Credit

THDA administers the Community Investment Tax Credit (CITC) in cooperation with the Tennessee Department of Revenue. CITC allows financial institutions to obtain a credit against the sum total of taxes imposed by the Franchise and Excise Tax Laws when qualified loans, investments, grants or contributions are extended to eligible housing entities for engaging in eligible low income housing activities. During FY 2012-13, THDA and the Tennessee Department of Revenue, awarded credits through CITC for 39 different affordable housing projects with a total investment amount of \$49,496,699. The geographic distribution of the 39 projects were as follows: 19 were in East Tennessee, 14 in Middle Tennessee and six in West Tennessee.

L. Emergency Repair Program

During the reporting period, the nine Development Districts that administer the Emergency Repair Program spent a total of \$2,804,136 to correct, repair or replace an essential system and/or critical structural problem for low income, elderly homeowners. Of this total, \$1,535,418 was provided by THDA and \$1,120,141 in match funds was provided by the Development Districts. An additional \$148,576 was provided to the Development Districts by THDA for administration of ERP. East Tennessee received 39.9 percent of the total funds, followed by Middle Tennessee with 36.5 percent and West Tennessee with 23.6 percent.

Summary

During FY 2012-13, Middle Tennessee received the largest portion of funds, due in large part to the Section 8 Rental Assistance and THDA Homeownership Programs. In regards to the four Consolidated Plan Grant Programs, West Tennessee received 37 percent of the funds, East Tennessee received 36 percent of the funds and Middle Tennessee received 26 percent of the total funds available. The geographic break-outs of the Housing Assistance Payments for the Section 8 Contract Administration Program were not available at the time of this report.

A. Community Development Block Grant (CDBG) Small Cities Program

The following table summarizes data from the 2012 PER Part III: Civil Rights, which reports the CDBG applicants and beneficiaries by race and gender (Appendix A). For the reporting period, the total beneficiaries for the reporting period are 203,401 persons. Of this total, 20,047 are minorities and 126 are female heads of household.

Information on the benefit to low and moderate income (LMI) persons is also reported in the PER. The following table presents a summary of the information derived from CDBG contract closeouts. An expanded table is presented in Appendix A. Based on the information, 3,039,286 persons are reported as beneficiaries. Of the total beneficiaries, 2,242,951 or 74 percent are low and moderate income persons.

B. HOME Investment Partnership

Beneficiary information is obtained for the HOME Program after a project completion report is entered into IDIS and a beneficiary report is obtained from HUD. This year's beneficiary report shows that 312 units were completed with HOME funds during FY 2012-13. The units completed during FY 2012-13 were assisted with HOME funds ranging from program years 2007-2010. East Tennessee assisted 154 units, followed by Middle Tennessee with 118 units and West Tennessee with 40 units.

Very low-income households are those households whose annual income is below 50 percent or less of the area median income (AMI) for the county in which the household resides. Low-income households are those households whose annual income is between 50 percent and 80 percent of the AMI for the county in which the household resides. Out of the 312 households assisted during the reporting period, 65.7 percent were considered very low income, 33 percent were considered low income and 1.3 percent of the units were missing beneficiary data at the time of this report. The income of beneficiaries, organized by Grand Division, is shown in the table below.

Owner occupied units comprised the majority of HOME assisted units during the reporting period, followed by tenant occupied units. There were 220 owner occupied units of the 312 total HOME assisted units (70.5 percent). 88 units (28.2 percent) were tenant occupied and 4 units (1.3 percent) were vacant at the time of this report.

Out of the 312 units assisted during the reporting period, 197 units (63.1 percent) were rehabilitation projects. New construction followed with 73 units (23.4 percent), acquisition and new construction with 31 units (9.9 percent), acquisition only with 8 units (2.6 percent), and acquisition and rehabilitation with 3 units (1.0 percent).

During the reporting period, 76.9 percent of HOME beneficiaries were white, nearly 22 percent were minorities and information was not available for 1.3 percent of those assisted. One of the beneficiaries was Hispanic. The tables below describe race and ethnicity information.

C. Emergency Solutions Grants (ESG)

Demographic information has been summarized in the following tables. More detailed demographic information regarding ESG beneficiaries served may be found in Appendix C of this document. East Tennessee served 67.5 percent of the total beneficiaries during the reporting period, followed by Middle with 22.1 percent of total beneficiaries and West Tennessee with the remaining 10.4 percent. White beneficiaries were served most frequently with ESG funds and comprised approximately 66 percent of the total clients served. Black/African American followed with 30 percent of the beneficiaries. The table below shows the number of individuals served by race for each Grand Division.

Nearly 70 percent of the total beneficiaries served with ESG funds earn between zero and 30 percent of the Area Median Income (AMI). Seven and one-half percent earned between 30 – 60 percent of the AMI and 1.1 percent earned between 60 – 80 percent of the AMI. For 24.5 percent of ESG beneficiaries, income information was unavailable. The table below shows the income category of ESG beneficiaries

by Grand Division. It is important to note that domestic violence victims are served regardless of income and are included in the total count of beneficiaries.

D. Housing Opportunities for Persons with AIDS (HOPWA)

During the reporting period, the HOPWA program reported activity for 468 individuals with HIV/AIDS and 999 affected family members as beneficiaries of HOPWA services. A total of 1,467 beneficiaries were served. Of those beneficiaries, 53 percent were male and 47 percent were female. All of HOPWA beneficiaries are low income. The race and ethnicity of HOPWA beneficiaries is presented below.

E. HUD Section 8 Tenant Based Housing Choice Voucher Program

THDA manages the Section 8 Tenant Based Rental Assistance Program. The following tables represent basic demographic data based on the 6,151 heads of household participating in the program. Out of the 6,151 households, 64 percent were families with dependents and 13 percent were elderly. Ninety percent of the households had a female head of household. Information on income and race/ethnicity is presented below.

G. Low Income Housing Tax Credit

During the FY 2012-13, 72,514 residents benefitted from Low Income Housing Tax Credits (LIHTC). Of those residents, 38.3 percent lived in Middle Tennessee, 34.9 percent in West Tennessee, and 26.8 percent in East Tennessee. Eighteen percent of the residents lived in rural areas. The state's most populous counties, Shelby and Davidson, had the highest number of residents living in LIHTC properties.

H. Multifamily Bond Authority

Demographic information is not compiled separately for the Multifamily Bond Authority program. Demographic information for this program has been included in LIHTC data and can be found in Table 36 of this report.

I. THDA Homeownership Programs

Demographics for the THDA's Homeownership programs are as follows: The largest number of Great Start loans was made to married couples, followed by single female and single male households. The largest number of Great Advantage loans was made to married couples, followed by single male households. The largest number of Great Rate loans was made to married couples, followed by single male and single female households. The majority of New Start loans were made to female with child households. Additional information is presented in Table 37.

J. BUILD Loan Program

The BUILD Loan Program, administered by THDA, provided \$200,000 to the Rutherford County Habitat for Humanity for development costs. Habitat offers new construction to families with an income at or below 80 percent of AMI. Therefore, all of the population they serve is considered low-income. No other demographic data was available for this program at the time of this report.

K. Community Investment Tax Credit

During FY 2012-13, THDA and the Tennessee Department of Revenue, awarded credits through CITC for 39 different affordable housing projects with a total investment amount of \$49,496,699, including \$31,000 in contributions for Homebuyer Education and Counseling. The projects eligible under the CITC program will contribute to the availability of approximately 1,200 units of affordable housing for over 1,800 households. Demographic data regarding the beneficiaries of CITC projects was not available at the time of this report.

L. Emergency Repair Program

The Emergency Repair Program (ERP) provides grants to low-income homeowners that are age 60 years or older to correct, repair or replace an essential system and/or critical structural problem. During the reporting period, the ERP assisted 283 units and 400 people. The majority of beneficiaries were in East Tennessee (44.5 percent), followed by Middle Tennessee (35.3 percent) and West Tennessee (20.2 percent). While all of the beneficiaries of the ERP are elderly and low income, more detailed beneficiary information can be found below.

M. Rural Repair

All of the beneficiaries of THDA's Rural Repair Program, which is administered in partnership with USDA, are low income. During the reporting period, the Rural Repair Program assisted 103 units. The table presents other information regarding the program's beneficiaries.

Summary

Overall, the four formula programs assisted 212,826 individuals and an additional 312 households. The CDBG program served 203,401 persons and the majority of the beneficiaries were low to moderate income. During the reporting period, the HOME program completed 312 units and 66 percent of the households receiving assistance were very low income. The remaining households were low income. The ESG funds assisted 7,958 homeless individuals or individuals who are at risk of homelessness. The majority of ESG beneficiaries were women. The HOPWA program assisted 468 individuals with HIV/AIDS and an additional 999 affected family members. All of the HOPWA beneficiaries were low income.

Other resources contributing to affordable housing and community development also assisted a large number of Tennesseans. The Section 8 Tenant Based Housing Choice Voucher program assisted 6,151 households and the Section 8 Project Based Rental Assistance program provided 29,001 units of affordable housing. The LIHTC and Multifamily Bond authority assisted 72,514 individuals and the THDA Homeownership Programs helped 1,882 households secure a loan. The CITC program contributed to 1,200 units of affordable housing. The ERP assisted 400 persons and Rural Repair assisted 157 persons.

Together, the four Consolidated Plan Grant Programs and programs providing other affordable housing resources served 285,897 individuals and 38,546 additional households.

STATE OF TENNESSEE
FISCAL YEAR 2011-12 CAPER
PART II
ASSESSMENT OF ANNUAL PERFORMANCE

V. REVIEW AND ASSESSMENT OF PRIORITIES AND ACTION STEPS

A. Review of Priorities and Action Steps

The HUD Performance Measurement Outcome System states the following three objectives: to create a suitable living environment, to provide decent housing and to create economic activities. In the five-year Consolidated Plan, the State of Tennessee established four priorities that compliment HUD's three performance measurement objectives and are related to housing and non-housing community development needs. These priority areas were approved by HUD in the State's 2010-15 Consolidated Plan. Each of the four priorities list action steps that coincide with the intent of the four priority areas. The "Assessment of Annual Performance" section of the FY 2012-13 CAPER focuses specifically on the four priority areas and the State's progress in meeting objectives. The four priorities and their corresponding actions steps are as follows:

Housing

1. Preserve the affordable housing stock, increase the amount of affordable housing and increase home ownership opportunities.

Action Steps:

- 1) Preserve the affordable housing stock through housing rehabilitation targeted toward very low-, low- and moderate-income populations in the state.
- 2) Encourage the production of multifamily housing to serve low-income individuals in the state.
- 3) Target funds towards housing for elderly residents in the state with an emphasis on handicapped accessibility.
- 4) Encourage the preservation of 2-3 bedroom affordable housing units for low-income families in the state.
- 5) Increase/maintain the number of housing facilities in the state for homeless individuals.
- 6) Increase the ownership rates, especially among lower income and minority households.

Non-Housing Community Development Needs

2. Provide for the viability of communities through ensuring infrastructure, community livability, health and safety, and economic development.

Action Steps:

- 7) Provide for the safety and well-being of low- and moderate- income families in the state by improving the quality and quantity of water in areas which do not have safe, reliable water sources.
 - 8) Provide safe, reliable wastewater services to low- and moderate-income families in underserved areas of the state.
 - 9) Provide economic development opportunities through financing of infrastructure development, manufacturing facilities and equipment that support job creation for low and moderate income people.
 - 10) General enhancement of quality of life of low and moderate income neighborhoods throughout the state.
3. Provide for the housing and supportive services needs of homeless individuals and other special needs populations.

Action Steps:

- 11) Support the acquisition and rehabilitation of facilities to house homeless persons or those at risk of homelessness.
 - 12) Provide funds to assist persons at risk of homelessness.
 - 13) Increase the amount of services provided to mentally ill homeless.
 - 14) Encourage programs to support children in homeless facilities to receive preventative and emergency medical care, as well as other development or cognitive services.
 - 15) Provide supportive services and housing-related services for persons who are HIV positive or have AIDS.
4. Affirmatively further fair housing and ensure access to business opportunities in the state for women and minority-owned businesses.

Action Steps:

- 16) Conduct an Analysis of Impediments to Fair Housing Choice in the state.
- 17) Convene fair housing and Title VI workshops in the state for local governments, grantees, housing providers, advocates and consumers.
- 18) Provide fair housing information throughout the state, informing citizens of their housing rights.

- 19) Encourage reporting of fair housing violations by making citizens aware of their rights and providing information on access to fair housing advocates and organizations in the state.

B. Assessment of Progress in Meeting Priorities

This section speaks generally about the state's progress in working towards each of the four priority areas discussed above. The following section discusses in greater detail the state's progress in providing affordable housing and the state's performance in terms of the specific action steps associated with each of the four priority areas. While the action steps focus on shorter-term goals that can be accomplished in one to three years, the priority areas represent general and longer-term goals of the four Consolidated Partners.

Housing

1. Preserve the affordable housing stock, increase the amount of affordable housing and increase home ownership opportunities.

The State of Tennessee's first priority area specifically focuses on the provision of affordable housing opportunities throughout the state, whether through preserving the affordable housing stock that already exists, increasing the number of new affordable housing stock or by creating new homeownership opportunities. Each aspect of the first priority area and the state's progress is addressed individually.

In regards to preserving the affordable housing stock, both the CDBG and HOME Programs work towards this goal through homeowner and rental rehabilitation activities. In FY 2012-13, CDBG applicants proposed to rehabilitate 18 homes. In FY 2012-13, the HOME Program completed 197 homeowner rehabilitations, which comprised 63 percent of the total projects completed under the HOME Program during the reporting period. Three additional rental rehabilitations were also completed during the fiscal year.

Other programs that contribute to preservation of the affordable housing stock through rehabilitation include: THDA's BUILD Loan Program, the Community Investment Tax Credit (CITC) Program, the Low Income Housing Tax Credit (LIHTC) Program and Multifamily Bond Authority Programs, the Emergency Repair Program (ERP) and the Rural Repair Program (RRP). The ERP corrected, repaired or replaced an essential system and/or critical structural problem for 283 units during the reporting period and the Rural Repair Program completed an additional 103 rehabilitations. Out of the 1,200 units that will be created by the CITC Program and the 765 units that will be provided through the LIHTC Program, a portion of these will be rehabilitated units, rather than new construction.

A number of programs work to increase the amount of affordable housing in Tennessee by creating new single family and multifamily units and maintaining existing units. 104 new construction units were completed during the fiscal year with funds previously awarded through the HOME Program.

Other programs working to create new multifamily units include the CITC program, the LIHTC program and the Multifamily Bond Authority. During the fiscal year, these programs will contribute to the creation of 2,367 units of affordable housing.

New homeownership opportunities are created through the HOME Program and THDA's various Homeownership Programs. The four THDA Homeownership programs provided loans to 1,882 households in the amount of \$212,167,036. The Great Start Program provided the most loans, followed by the Great Rate, New Start and Great Advantage Programs.

The above programs and projects contribute to the completion of action steps one through six.

Community Development Needs

2. Provide for the viability of communities through ensuring infrastructure, community livability, health and safety, and economic development.

All four of the Consolidated Plan grant programs contribute to each aspect of the second priority either directly or indirectly through the provision of services that contribute to the enhancement of infrastructure, community livability, health and safety and economic development. Each aspect of the priority area is discussed separately below.

In regards to infrastructure, three of the four Consolidated Plan grant programs contribute to the improvement of infrastructure in Tennessee. The CDBG program contributed 82 percent of its FY 2012-13 awards to public facilities and water and sewer programs. Approximately 10 percent of the funds will go towards clearance and relocation and approximately two percent will go towards residential rehabilitation. Each of these activities seeks to improve existing infrastructure or build new infrastructure. The HOME Program seeks to improve existing housing infrastructure or build new infrastructure through the provision of new affordable housing and the rehabilitation of existing affordable housing. ESG funds may be used towards the rehabilitation or conversion of shelters, which also contributes to existing housing infrastructure.

Other programs included in this report and contributing to the maintenance of housing infrastructure through both single and multi-family housing rehabilitation include: the LIHTC Program, the Multifamily Bond Authority, the BUILD Loan Program, the CITC Program, the ERP and the Rural Repair Program. Programs contributing to housing infrastructure through new construction of single and multi-family housing include: the LIHTC Program, the Multifamily Bond Authority, the BUILD Loan Program and the CITC Program.

The four Consolidated Partners see the availability of affordable housing and affordable housing opportunities as contributing to community livability. Similarly, the health and safety of neighborhoods and communities contribute to a community's livability. Each of the four formula programs contributes to community livability and the health and safety of communities. The CDBG

program contributes to livability through its housing rehabilitation, public facilities and water and sewer projects as well as to projects that are specifically qualified as Community Livability projects and involve the purchase of fire trucks, drainage improvements, building health and community centers and other proposed projects that contribute to the health and safety of the community. For the 2012-13 year, those projects totaled \$2,634,314. New construction and upgrades to public facilities, as well as water and sewer projects directly contribute to the health and safety of neighborhoods. Access to essential services and clean water are important to the health and safety of a community.

The HOME Program also contributes to the livability of communities by improving the affordable housing available through rehabilitation and new construction activities. Upgrades to existing housing works to create safe rental units and homeowner occupied units. All of the FY 2012-13 HOME funds were withheld during the reporting period while awaiting the approval of new regulations for the HOME program. The new rule was not published until July 24, 2013; therefore, THDA did not accept any applications or award any HOME funds during FY 2012-13. Access to the special services provided through the HOPWA and ESG programs also contribute to the livability of communities and the health and safety of those communities. Emergency shelters make communities more livable for homeless persons and those at risk of homelessness. The services provided through homeless prevention and rapid re-housing address the availability of safe and affordable housing. Finally, the HOPWA Program through its Housing Information Services, Housing Assistance and Permanent Housing activities make communities more livable for its beneficiaries. Supportive Services provided through the program also contribute to the health and safety of its participants.

Other programs that contribute to the livability of communities by providing new affordable housing, rehabilitation of existing affordable housing and rental opportunities include: the Section 8 Project Based and Tenant Based Housing Choice Voucher programs, the LIHTC Program, the Multifamily Bond Authority, the BUILD Loan Program, the CITC Program, THDA Homeownership Programs, the ERP and the Rural Repair Program.

Out of the four formula programs, the CDBG program is most involved in economic development activities. Economic development is one of the four project categories in which CDBG funds can be used. Of the funds available in FY 2012-13, 82 percent was used towards public facilities and water and sewer projects. These projects contribute to the economic development opportunities in the communities where the CDBG projects take place. Additionally, CDBG has funds available for specific economic development projects that are tied to direct job creation. 2012-13 funds were not set aside for these projects because the CDBG Economic Development Loan program has loan repayment funds available that must be drawn down prior to the allocation of regular round funding. In addition to the CDBG Program, the HOME Program contributes to economic development through the jobs that are created as a result of new construction and affordable housing rehabilitation. Although no HOME funds were awarded during the reporting period, past

HOME funded projects continue to contribute to the local economy through ongoing construction and rehabilitation.

Each year, THDA estimates the economic impact of THDA activities on the broader economy. In addition to benefiting individuals and families, THDA's affordable housing programs create additional jobs, income and spending in the local economy and add to state and local revenues. In 2012, the total contribution of THDA's affordable housing programs to the local economy was estimated at \$745 million. This estimation is the sum of direct THDA spending, indirect business to business transactions in Tennessee's economy and additional employee spending. Programs contributing to the total economic impact include: the Emergency Solutions Grant (ESG) Program, THDA Homeownership Programs, LIHTC, the Multifamily Bond Authority, the Section 8 Housing Choice Voucher Program, the CITC Program, the Rural Repair Program, the ERP for the Elderly and other THDA programs that are not detailed in this report.

Projects and programs discussed above contribute to the completion of action steps seven through ten.

3. Provide for the housing and supportive services needs of homeless individuals and other special needs populations.

The third priority area focuses on supportive services for homeless individuals and other special needs populations. The two formula programs that are primarily responsible for addressing this priority area are the ESG and HOPWA Programs. ESG specifically provides services for individuals and families who are homeless and persons who are at risk of homelessness. The HOPWA Program provides housing assistance and related supportive services to persons living with HIV/AIDS and their families, which is considered a special needs population.

The 2011 ESG Second Allocation of funds, \$863,348, went primarily towards rapid re-housing activities and homeless prevention activities. Approximately one-half of the remaining \$2,756,409 was awarded to 11 entitlement Cities in a formula-based allocation and the remaining one-half was awarded on a competitive basis to non-profits throughout the State. The funds were awarded for the operation and maintenance of homeless shelters, essential services, homeless prevention, rapid re-housing, HMIS and program administrative costs. During the reporting period, the ESG program assisted over 7,958 individuals. In addition, ESG subrecipients currently provide 788 beds for homeless individuals.

During the reporting period, the HOPWA program assisted 468 individuals with HIV/AIDS and 999 affected family members. Beneficiaries of the program receive assistance in five areas. The first program area is the housing information services program, which may include counseling, information and referral services to help clients locate, acquire, finance and maintain housing. The second area is short-term rent, mortgage and utility payments, which intends to prevent

homelessness of either a tenant or mortgage holder over a specified period of time. The supportive services program is the third program component and includes health, mental health, drug and alcohol abuse treatment and counseling, day care, nutritional services, intensive care and assistance in gaining other local, state and federal government services. The fourth program area is the permanent housing placement program, which provides housing placement services to help clients establish a new residence. The final program area is the Ongoing Housing Assessment Plan, which provides periodic reviews of housing needs, investigation of homelessness and current health issues to help assist individuals manage resources, track progress and access community care.

The HOME Program also contributes to special needs populations' housing through the Special Needs Set Aside, which may comprise up to 10 percent of the total allocation of HOME funds. FY 2012-13 HOME funds were withheld during the reporting period and will be allocated in the following year.

The programs and activities discussed above work towards action steps 11-15.

4. Affirmatively further fair housing and ensure access to business opportunities in the state for women and minority-owned businesses.

Each of the four formula programs contributed towards this priority area through program administration and in other efforts related to affirmatively furthering fair housing. The development of a statewide Analysis of Impediments to Fair Housing Choice and improvements made to activities that affirmatively further fair housing are explained in detail in Section VIII of this report. This section discusses how each program ensures subrecipients of the four formula programs are also working towards the action steps associated with each priority area.

In regards to the administration of the program, ECD ensures requirements related to fair housing and women and minority-owned businesses are fulfilled through its program requirements. All grantees of CDBG funds are required to comply with Civil Rights requirements and the Fair Housing Act. Grantees must demonstrate: affirmative steps to promote fair and equal access to housing; regardless of the grant or amount of grant; equal opportunities are afforded to all persons and no person shall be excluded or denied program benefits on the basis of race, color, religion, sex, national origin, age or disability; minority and female-owned businesses must be informed of grant funded contracts and affirmative steps must be taken to assure this; and to the greatest extent feasible, Section 3 resident and business concerns should be given preference in employment, training and contracting. The ways in which ECD has completed action steps and contributed to this priority area are described in Section VIII of this report.

The HOME Program, administered by THDA, states that "no person in the United States shall on the grounds of race, color, religion, sex, familial status, national origin, age or disability be excluded from participation, denied benefits or subjected to discrimination under any program funded in whole or in part by HOME funds." Subrecipients of HOME funds must comply with all federal requirements that are applicable to HOME projects. THDA also requires local programs to adopt

affirmative marking procedures and requirements, which must be approved by THDA prior to any HOME funds being committed to a project of five or more units. Subrecipients are required to maintain records of their actions for HUD's Office of Fair Housing and Equal Opportunity (FHEO) monitoring purposes, including advertisements for employment and documentation of subsequent applications and individuals hired. HOME subrecipients receive fair housing training when they attend the HOME Workshops, which include a session dedicated to fair housing. Activities in which THDA engaged to fulfill its obligation to further fair housing and work towards this priority area are included in Section VIII of this report.

All ESG subrecipients must perform and document actions in the area of enforcement and promotion of affirmatively furthering fair housing. They must also carry out a minimum of one activity a year to promote fair housing. Non-discrimination and equal opportunity laws are also applicable to ESG projects and subrecipients. Publicity surrounding the availability of shelter facilities reaches all persons regardless of handicap, race, color, religion, sex, age, familial status or national origin. Activities conducted by THDA and related to this priority area are found in Section VIII of this document.

HOPWA project sponsors are required to comply with anti-discrimination legislation including the Americans with Disabilities Act, Title VI and the Fair Housing Act. Title II of the ADA directly influences neighborhoods where minimal public investment has led to poor living standards. HOPWA funds are made available to help upgrade and transform these neighborhoods. All HOPWA funds are used to assist clients regardless of race, color, religion, national origin, disability and familial status. HOPWA's contract with project sponsors contains anti-discrimination conditions and grantees are required to show proof of nondiscrimination and must post notices of nondiscrimination. Actions related to this priority area and completed during the reporting period by DOH are included in Section VII of this report.

The above actions by the Consolidated Partners in reference to the administration of their programs work towards the completion of action steps 18 and 19. Actions taken to conduct an Analysis of Impediments to Fair Housing Choice (action step 16) and efforts to convene fair housing and Title VI workshops (action step 17) are detailed in Section VII of this report.

VI. EVALUATION OF THE JURISDICTION'S PROGRESS IN PROVIDING AFFORDABLE HOUSING

HUD Resources Made Available Under the Consolidated Planning Programs

HUD's Performance Measurement Outcome System and the State of Tennessee's four priority areas emphasize the importance of providing affordable housing throughout the state. The following section provides an evaluation of the jurisdiction's progress in meeting the objective of providing affordable housing and also assesses the State's progress in terms of the action steps associated with each of the four priority areas. Each program, including programs that contribute to affordable housing, outside of the four Consolidated Plan grant programs, is addressed individually and the ways in which it contributes to the priority of providing affordable housing is described below. State Table 3B, included in Appendix E of this document, also shows the State of Tennessee's completion of affordable housing goals.

A. Community Development Block Grant (CDBG) Small Cities Program

During the reporting period, CDBG funds assisted with 33 affordable housing activities. The CDBG program acquired six units, created nine new units and rehabilitated 18 existing units. With FY 2013-14 funds, the CDBG Program proposes rehabilitating or rebuilding 15 housing units in two communities. Rehabilitation activities delivered through the CDBG Program specifically addresses Action Steps 1, 4, and 10.

B. HOME Investment Partnership (HOME)

The HOME Program works to provide affordable housing through homeowner rehabilitation, rental rehabilitation, homeownership and new construction. In FY 2012-13, the HOME Program contributed to the completion of 312 units of affordable housing, utilizing funds from various program years. Because the new HOME rule would apply to any grants with 2012 funds, THDA opted not to accept any applications for 2012-13 until the new rule was released. The new rule was not published until July 24, 2013; therefore, THDA did not accept any applications or award any HOME funds during FY 2012-13. All beneficiaries of the HOME program are low and moderate income. The activities provided by the HOME Program specifically address Action Steps, 1, 2, 3, 4, 6 and 10.

C. Emergency Solutions Grants (ESG)

ESG works to provide affordable housing through its Homeless Assistance and Homeless Prevention activities, which include Rapid Re-Housing and Homelessness Prevention. During the reporting period, the ESG Program assisted nearly 8,000 Tennesseans with ESG funds. The ESG program provided 788 bed spaces during the reporting period. Activities and services delivered through the ESG Program, specifically address Action Steps 5, 11, 12, 13 and 14.

D. Housing Opportunities for Persons with AIDS (HOPWA)

During the reporting period, the HOPWA program assisted 468 individuals with HIV/AIDS and 999 family members. The HOPWA Program provides for affordable housing through its Housing Information Services Program, Short-term Rent, Mortgage and Utility Payment Program and its Permanent Housing

Placement Program. The programs and services offered through the HOPWA Program specifically address Action Steps 11, 12, 14 and 15.

Other Resources Made Available

E. HUD Section 8 Housing Choice Voucher Program

At the end of the reporting period, the Section 8 Housing Choice Voucher provided rental assistance to 6,151 households and \$32,643,531 was made available for the program. This program specifically addresses Action Steps 1, 2, 3 and 4.

F. HUD Section 8 Contract Administration Program

During FY 2012-13 the HUD Section 8 Contract Administration Program provided 29,001 units of affordable housing and Housing Assistance Payments in the amount of \$148,101,848. This program also addresses Action Steps 1, 2, 3 and 4.

G. Low Income Housing Tax Credit (LIHTC) Program

LIHTC issued \$4,394,017 in 2012 tax credits. The LIHTC Program will contribute to the creation or rehabilitation of 845 units of affordable housing. The LIHTC Program addresses Action Steps 1, 2 and 4.

H. Multifamily Bond Authority

The Multifamily Bond Authority made \$32,884,454 available to local issuers during Calendar Year 2012. These funds will contribute to the creation or rehabilitation of 620 units of affordable housing. The Multifamily Bond Authority addresses Action Steps 1, 2 and 4.

I. THDA Homeownership Programs

THDA's Great Rate, Great Start, Great Advantage and New Start homeownership programs provide opportunities for low and moderate income persons to purchase their first home. During the reporting period, THDA made 1,882 homeownership loans totaling \$212,167,036. The THDA Homeownership Programs address Action Steps 1 and 6.

J. BUILD Loan Program

The BUILD Loan Program builds the capacity of nonprofit organizations to provide affordable housing to low income Tennesseans. During the reporting period, two \$100,000 loans were made to Rutherford County Habitat for Humanity for the production of affordable housing. The BUILD Loan Program addresses Action Steps 1, 2 and 4.

K. Community Investment Tax Credit (CITC)

The CITC Program allows financial institutions to obtain a credit against the sum total of taxes imposed when qualified loans, investments, grants or contributions are extended to eligible housing entities for engaging in low income housing activities. Credits were awarded for 39 affordable housing projects during the reporting period. The CITC Program addresses Action Steps 1, 2 and 4.

L. Emergency Repair Program for the Elderly (ERP)

ERP provides grants to low income homeowners who are 60 years or older to correct, repair or replace an essential system and/or critical structural problem. During the reporting period, 283 units and 400 individuals were assisted with ERP funds. The ERP Program specifically addresses Action Steps 1, 3 and 4.

M. Rural Repair Program

The Rural Repair Program provides funds for the repair of homes of low income individuals. During the reporting period, the Rural Repair Program assisted 103 units of housing and 157 individuals. The Rural Repair Program specifically addresses Action Steps 1, 3 and 4.

VII. OTHER ACTIONS INDICATED IN THE CONSOLIDATED PLAN AND ACTION PLAN

A. Section 8 Family Self Sufficiency Program

The Family Self Sufficiency (FSS) Program is a part of the HUD Section 8 Housing Choice Voucher Program, which began in 1990 as an effort to enable Section 8 participants to become self-sufficient or independent of welfare assistance. The program is administered by the Rental Assistance Division of THDA with additional federal funds to support FSS staff.

FSS participants sign a five-year contract in which they agree to find employment and identify goals for achieving financial independence. Staff assists participants in identifying goals and provides referrals for resources in the community. Participants are eligible for the establishment of an escrow account, which is based on increased income as a result of employment. The funds in the escrow account may be accessed by the participant once the contract is fulfilled or the family is paying all of their rent.

In 1998, the FSS program was mandated to have 181 participants. Since 1998, over 181 participants have graduated from the program, making the program voluntary. THDA has opted to have 235 slots available to Housing Choice Voucher participants.

B. Rental Assistance Homeownership Voucher Program

The THDA Homeownership Voucher Program offers a mortgage subsidy to low income families who are not able to afford to purchase a home through traditional financing. With the Homeownership Voucher Program, families typically pay 30 percent of their monthly-adjusted income (or the family's Total Tenant Payment) towards homeownership expenses and THDA pays the difference between the family Total Tenant Payment and the actual monthly mortgage payment. The mortgage assistance payment is paid directly to the lender or loan servicing company and not to the family. At the end of the reporting period, June 30, 2013, 58 home closings had occurred using this program.

C. Lead Based Paint

Title X of the federal Residential Lead Based Paint Hazard Reduction Act of 1992 became effective on December 6, 1996. On September 26, 2000, the Tennessee Department of Environment and Conservation (TDEC) implemented a certification program and compiled a registry of certified lead inspectors, risk assessors, contractors and training facilitators.

In April 2001, HUD and the Environmental Protection Agency (EPA) issued a joint memorandum to clarify Title X requirements for rehabilitation of housing to clarify the definition of abatement under regulations issued by EPA and HUD. It also asserted in the memorandum that HUD and EPA regulations were complementary. On May 2, 2011, THDA and TDEC issued a joint memorandum that allows for the use of HUD regulations in rehabilitation projects. TDEC certified that lead based paint professionals must be used. These joint efforts have enabled rehabilitation efforts to continue.

Each of the four Consolidated Planning grant programs have lead based paint requirements. In regards to the CDBG and HOME programs, subrecipients must give participants of the program notice of possible lead hazards within the unit when the house is dated pre-1978 and must inform them of possible dangers. THDA distributes to all grantees the Lead Chapter of the HOME Operations manual, which provides further guidance for compliance with HUD regulations. Housing assisted with ESG funds are also subject to the Lead Based Paint Poisoning Prevention Act and based on the activity, must comply with various subparts of the Act.

VIII. ACTIONS TAKEN TO AFFIRMATIVELY FURTHER FAIR HOUSING

A. Statewide Analysis of Impediments to Fair Housing Choice

In October of 2011, the consolidated partners began a series of meetings to modify the current procedures regarding the Analysis of Impediments (AI) to Fair Housing Choice and the state's obligation to affirmatively further fair housing, as a result of comments made by HUD's Office of Fair Housing and Equal Opportunity (FHEO) in regards to the FY 2011-12 CAPER. These conversations continued throughout the year and resulted in a decision by the consolidated partners to hire a third-party consultant to assist in the development of a state-wide AI. In October of 2012, a Request for Proposals (RFP) was issued to secure a consultant. Six responses to the RFP were received and were scored and ranked by ECD and THDA staff according to state procurement policies. Western Economic Services (WES) was selected to complete the AI.

A planning meeting was held with ECD, THDA and WES in January, 2013. It was determined that WES would conduct a survey of the 40 largest non-entitlement municipalities in the state to assess local practices and land uses that may span a number of jurisdictions and might not be in the spirit of affirmatively furthering fair housing. WES would hold three fair-housing forums across the state to present information on the AI based on a review of the data available from sources such as the U.S. Census Bureau, the U.S. Bureau of Labor Statistic, the U.S. Bureau of Economic Analysis, etc. A Fair Housing Survey would also be conducted online to give all partners throughout the state a chance to answer questions about their view of fair housing in the state, the challenges and what is needed.

The Forums were held in Jackson, Nashville and Knoxville during the week of March 18. Participants included housing advocates, representatives of local service agencies, real estate agents, local elected officials and others. More than 140 people attended the forums and were given the chance to view, ask questions of and comment on the preliminary findings of the AI.

The Fair Housing survey was sent out in February and available through April. More than 850 people completed the survey weighing in on fair housing issues in the public and private sectors. Data from these sources combined with information on the Fair Housing complaints received in the state and data from the Community Reinvestment Act (CRA) and Home Mortgage Disclosure Act (HMDA) were combined to develop a list of impediments to fair housing choice in the state.

The draft of the AI was on the THDA and ECD websites for public comment in May 2013. Comments received were addressed by WES and incorporated in the final draft that was produced in June 2013 and submitted to ECD in July 2013.

Public and private sector impediments were identified along with suggested actions. Based on the AI, THDA and ECD developed Fair Housing Activities, presented in the Annual Action Plan, which will be implemented in the 2013-14 fiscal year. These activities address the identified impediments and show the Consolidated Partners' commitment to affirmatively furthering fair housing in Tennessee. The Consolidated Partners will use the AI for the next several years to continue to address impediments. The final AI is available on the THDA and ECD websites.

B. Fair Housing Activities and Training

The activities of each agency administering the four Consolidated Plan grant programs are described below.

1. Tennessee Department of Economic and Community Development (ECD), CDBG Program

ECD assumed the lead role for developing and securing a statewide Analysis of Impediments to Fair Housing Choice (AI) study over the past year. ECD budgeted \$48,275 for the development of an AI. Additionally, each grantee is required to conduct an activity that affirmatively furthers fair housing. This is not a specific budget line-item but it is an eligible expense for the communities. For the 2012-2013 year, approximately 50 fair housing activities will be conducted in the local communities. The Annual Action Plan addresses other fair housing activities and the expected costs of completion.

The overall programmatic activities funded through the CDBG program work towards furthering fair housing across the state. CDBG projects are targeted at improvements, which benefit low and moderate income people, as well as minorities, persons with disabilities, elderly persons and female-headed households. ECD collects and analyzes data on those served by CDBG projects and reports findings to HUD annually.

In its CDBG manual, ECD informs all grantees of their roles and responsibilities and program requirements. Each grantee is required to conduct a fair housing activity, must document relocation that occurs due to grant activities, must include equal opportunity language in their contracts, must create and post an Equal Opportunity Employer policy, must follow Section 3 requirements, must follow

Section 504, must involve minority and female contractors and must complete contractor activity reports that outline contracts.

ECD also sponsored, assisted in the planning for, and attended the Tennessee Fair Housing Matters Conference during fair housing month. Additionally, an ECD representative attended a Fair Housing Conference in Memphis, TN. Together with the consolidated partners, ECD will assist in creating and implementing a strategy to address impediments found in the AI. Throughout the year, ECD will disseminate findings of the AI to subrecipients and will provide educational opportunities for subrecipients on identifying fair housing issues and working to improve existing impediments.

2. Tennessee Housing Development Agency (THDA), HOME and ESG Programs

THDA has participated in the planning for a statewide AI with the Consolidated Partners over the last two years and assisted with the development of a timeline to complete the AI and a fair housing plan. THDA is also responsible for providing updates on the state's progress through Consolidated Planning documents, such as the Annual Action Plan and CAPER, and has provided periodic updates on progress as requested by FHEO. Aside from planning the completion of the AI and a statewide fair housing plan, THDA engages in a number of fair housing activities through the HOME and ESG programs, as well as other programs administered by THDA that are included in this report.

HOME Program Requirements detailed in the HOME Program Description state that "no person in the United States shall on the grounds of race, color, religion, sex, familial status, national origin, age or disability be excluded from participation, denied benefits or subjected to discrimination under any program funded in whole or in part by HOME funds." The Program Description also details federal requirements as set forth in 24 CFR 5.105(a) that are applicable to HOME projects and include: 24 CFR Part 100, 24 CFR Part 107, 24 CFR Part 1, 24 CFR Part 146, 24 CFR Part 8, and 42 USC 12101 et seq. The HOME Operations Manual further discusses applicable federal laws, executive orders and regulations that pertain to fair housing and equal opportunity. THDA HOME grantees must comply with each of the federal laws, executive orders and regulations detailed in Chapter 6, Section 2.1 of the HOME Operations Manual.

Local programs are also required to adopt affirmative marketing procedures and requirements, which must be approved by THDA prior to any HOME funds being committed to a project of five or more units. One requirement of affirmative marketing is detailing the methods for informing the public, owners and potential tenants about fair housing laws and the local program's policies.

In addition to meeting all requirements of the HOME Program Description and HOME Operations Manual, grantees have certain responsibilities to ensure protected persons or groups are not denied benefits. Responsibilities of grantees, which are undertaken throughout the progress of the projects, are outlined in Chapter 6, Section 3 of the HOME Operations Manual. In addition, the HOME Operations Manual requires certain activities of grantees and include: a minimum of one fair housing activity, which includes distribution of the *Fair Housing Equal Opportunity for All* pamphlet to each program applicant, Section 3 activities and documentation, creation and distribution of a policy of nondiscrimination, Equal Opportunity requirements in construction-generated employment, minority and female solicitation, Section 504 requirements, site and neighborhood standards and consideration of fair housing and local zoning ordinances.

Grantees are required to maintain records of their actions for FHEO monitoring purposes, including advertisements for employment and documentation of subsequent applications and individuals hired. An extensive list of recordkeeping requirements are found in Chapter 6, Section 5 of the HOME Operations Manual. Grantees are monitored during the duration of a project and an Equal Opportunity/Fair Housing/Title VI checklist is used by program monitors to determine compliance with requirements, responsibilities, activities and recordkeeping. This checklist also contains questions regarding complaints filed and any indications of Equal Opportunity and Fair Housing policy violations.

HOME Recipients attend the HOME Workshop, which includes a session dedicated to fair housing, each year at THDA's headquarters. Tracy McCartney, the Executive Director of the Tennessee Fair Housing Council, conducted the fair housing session in 2012. Training for HOME grantees included fair housing basics, fair housing law, how to identify fair housing issues and ways to make the public and clients aware of fair housing and ways to affirmatively further fair housing. The training is attended by HOME administrators located throughout the state. Supplemental fair housing information is provided in the HOME Operations Manual, which is available to the public on THDA's website.

As detailed in the ESG Program Description, all ESG recipients must perform and document action in the area of enforcement and promotion to affirmatively further fair housing. During the grant year, recipients must carry out a minimum of one activity to promote fair housing. Nondiscrimination and equal opportunity laws are also applicable to ESG programs and recipients. The ESG Program Manual requires all grantees to make facilities and services available to all persons and families on a nondiscriminatory basis. Publicity surrounding the availability of shelter facilities should reach all persons regardless of handicap, race, color, religion, sex, age, familial status or national origin. Grantees must also establish additional procedures to disseminate information to those interested in handicap accessible services and facilities. Information regarding fair housing requirements and activities can be found in the ESG Program Guidelines and the ESG Program manual, which is available to the public on THDA's website.

Other THDA programs also engage in fair housing activities similar to those of the ESG and HOME Program. Each year, THDA hosts the annual "Peer Session" for education providers of THDA's Homebuyer Education Initiative (HBEI). HBEI agencies providing education to potential homebuyers use the *Realizing the American Dream* manual and deliver training on the Fair Housing Act through multiple curriculum components. The manual used by HBEI agencies covers the rights of potential borrowers or homeowners and helps them identify fair housing issues through examples. Information is provided regarding the Equal Credit Opportunity Act, Truth in Lending Act, Fair Credit Billing Act, Fair Credit Reporting and the Fair Debt Collection Practices Act. Homebuyer education is required for THDA loan programs that provide down payment assistance (Great Advantage and Great Start) and is voluntary for THDA's other loan programs.

Various THDA staff members attend statewide and national training events that include fair housing components. During the reporting period, 39 employees across five divisions attended the Fair Housing Matters Conference, two employees attended the West Tennessee Fair Housing Celebration, 1 employee completed the Tennessee Southeastern Affordable Housing Management Association course on Fair Housing Compliance and 2 employees attended the TN Fair Housing Council's Fair Housing for Multifamily Providers training.

In September 2012, THDA entered into an agreement with the Tennessee Fair Housing Council to provide fair housing training to THDA staff. The training also includes a segment specifically dedicated to

Title VI. The goal is to train 100 percent of THDA's staff. While program staff will receive training that is designed specifically for their programs, non-program staff will have the option to attend basic training designed to cover the basics of the Fair Housing Act and Title VI.

In September 2012, THDA entered into an agreement with the Fair Housing Council for the provision of fair housing training for THDA staff. The training includes in-depth fair housing training that is tailored to each of THDA's various program divisions. For example, support staff will be provided an overview of fair housing, while staff working for certain programs will receive training specific to the requirements and details of that program. Also included in the fair housing training sessions provided by the Fair Housing Council, will be a Title VI training conducted by THDA's Assistant Legal Counsel.

During FY 2012-13, THDA conducted three fair housing training events in order to properly train all THDA staff. Training costs totaled \$7,706. Each training event consisted of both Fair Housing and Title VI. The Fair Housing training lasts approximately three to four hours and covers general and program specific information facilitated by Tracey McCartney of the TN Fair Housing Council. The Title VI training lasts approximately 45 minutes and is presented by THDA's Assistant Chief Legal Counsel, Bruce Balcom. During the reporting period, 78 percent of THDA staff members received Fair Housing and Title VI training. Additional events are scheduled for FY 2013-14 to expand the number of THDA employees that receive this training.

Each year, THDA hosts the Tennessee Governor's Housing Summit, a two-day event that provides informational sessions to affordable housing professionals on topics related to providing safe, sound and affordable housing opportunities for Tennesseans. In 2012, specific topics included the effects of homebuyer education, sustaining communities, and a review of Tennessee's Housing Needs Assessment. In April of 2013, THDA assisted the Tennessee Human Rights Commission with planning the West Tennessee Fair Housing Celebration. This one-day event in Memphis included a keynote presentation on Fair Housing Needs Fair Lending. Additional sessions included Trends in Fair Housing from HUD's Sara Pratt and Analysis of Impediments. The TN Fair Housing Matters Conference, also taking place in April and hosted by the Tennessee Fair Housing Council, included sessions on Fair Housing, Identifying and Addressing Obstacles to Fair Housing, and Fair Housing and Mental Disabilities.

THDA continues to update and refine the Fair Housing and Title VI Compliance sections of THDA's website. The webpages include a general overview of Title VI and the Fair Housing Act, fair housing legislation, examples of housing discrimination, fair housing resources and procedures for filing a fair housing complaint with HUD's Office of Fair Housing and Equal Opportunity or the Tennessee Human Rights Commission (THRC). Additionally, the AI is posted on THRC's website. THDA also continues to examine and improve the Limited English Proficiency policies and procedures. The LEP policies and procedures provide guidelines for THDA staff who encounter individuals whom may have difficulty understanding or speaking English. The procedures help to ensure that resources or services are effectively provided to individuals with limited English proficiency. THDA staff is also refining a system to track LEP encounters and continues to utilize the telephone-based AVAZA language interpreting service.

In September of 2012, THDA staff completed a state-wide Housing Needs Assessment. The report looks closely at housing needs, the major housing programs of THDA and other housing agencies and finally, aligns housing needs with housing programs and examines which areas could be better assisted. Data included in this report helps THDA identify underserved populations, as well as underserved areas of the state. Combined with the use of GIS technology and HUD mapping capabilities, the information provided in the study will assist THDA with identifying areas of minority and poverty concentration, identifying

the location of THDA programs and projects and determining what areas THDA should focus its affordable housing efforts.

THDA's Executive Director serves on the Tennessee Council on Developmental Disabilities and on the Tennessee Department of Mental Health and Substance Abuse Services, Mental Health Policy and Planning Council. The meetings are regularly attended by the Executive Director's designee and help ensure that THDA's efforts are known by the disability and mental health communities. Additionally, the agency's role on these councils keeps our program directors informed of emerging and persistent issues around housing for the populations served.

THDA has also worked with the TennCare Bureau (Tennessee's Medicaid Agency) to collaborate on housing needs for TennCare clients moving from institutional settings into community-based rental housing. Progress was made during FY2012-13, but a more substantive report can be expected next year on a fully executed agreement and preliminary programmatic outcomes.

3. Tennessee Department of Health

HOPWA is involved in a number of fair housing initiatives that positively impact HOPWA grantees and beneficiaries both directly and indirectly. Title II of the ADA prohibits discrimination against persons with disabilities in all services, programs and activities made available by state and local governments. HOPWA project sponsors are required to comply with anti-discrimination legislation including The Americans with Disabilities Act, Title VI and the Fair Housing Act. Title II of the ADA directly influences neighborhoods where minimal public investment has led to poor living standards. HOPWA funds are made available to help upgrade and transform these neighborhoods. Upgrades are often made to make public housing safer and to make more units available for homeless and disabled populations. The majority of HOPWA funds are used for Supportive Services in Tennessee, which include: health and mental health assessment; drug and alcohol abuse treatment; counseling; day care; nutritional services; intensive care when required; and assistance in gaining access to local, state and federal government benefits and services. Although the Supportive Services category does not emphasize housing assistance (which is covered in other service categories including Housing Information Services, the Short-Term Rent, Mortgage and Utility Payment Program and the Permanent Housing Placement Program) all funds in the Supportive Services category are used to assist HOPWA beneficiaries regardless of race, color, religion, national origin, disability and familial status. In regards to the delivery of services through the Housing Information Services, Short-Term Rent, Mortgage and Utility Payment Program and the Permanent Housing Placement Program, both HOPWA and Service Providers comply with all fair housing and anti-discrimination laws. Additionally, HOPWA is involved with job fairs, which promote fair housing practices and training, including issues regarding lead paint and other safety factors that may impede the health of residents.

HOPWA providers participate in webinars that prepare communities for the release of \$17 million targeting 132 homeless programs in Tennessee. These webinars contain information regarding anti-discrimination and fair housing regulations that providers of HOPWA funds must comply with. HOPWA providers also attend Veteran Career Expos regarding the needs of homeless veterans in Tennessee. HOPWA providers use these forums to assist in supporting program development needs around affordable housing. Providers who are interested in expanding affordable housing options and fair housing information are allowed to do so with HOPWA funds.

Section D.8. of HOPWA's contract with providers contains anti-discrimination conditions. It states that no person will be excluded from participation, denied benefits or subjected to discrimination in the performance of the grant contract or in the employment practices of the grantee on the grounds of handicap or disability, age, race, color, religion, national origin or any other classification protected by Federal or Tennessee State constitutional or statutory law. Grantees are required to show proof of nondiscrimination upon request and must post notices of nondiscrimination.

HOPWA is currently reviewing its contracts with project sponsors and program materials to strengthen language surround fair housing. HOPWA staff is also interested in learning more about furthering fair housing through HOPWA activities and becoming more involved in fair housing activities taking place throughout Tennessee, including the Tennessee Fair Housing Matters conference being held each year.

4. Collaborative Activities Conducted by the Consolidated Partners

Although each agency conducts activities tailored to the programs it administers throughout the year, the Consolidated Partners came together throughout the reporting period to plan and develop ways to improve fair housing activities and fulfill the State's obligation to affirmatively further fair housing. As previously mentioned, the Consolidated Partners met periodically during the reporting period to develop and work towards completing the AI. Additionally, the Consolidated Partners have continued to collaborate not only with one another but also with other state agencies.

The Consolidated Partners will continue to work together in FY 2013-14 to complete some of the activities that were started in FY 2012-13. Following the completion of the AI, the Consolidated Partners will work to create a statewide fair housing plan and will adjust both agency and collaborative fair housing activities to overcome the barriers and impediments to fair housing choice that are identified in the AI. The Consolidated Partners anticipate meeting regularly to discuss and address the findings of the AI once the results are available for analysis. Together, the Consolidated Partners will continue to address the recommendations of the AI and create a state-wide fair housing plan that covers the delivery of services through the four formula programs. The Consolidated Partners realize the process will take time and are committed to improving their processes and procedures in regards to fair housing.

IX. ADDITIONAL INFORMATION AND FUTURE ACTIONS

A. Public Participation and Public Comments

Each year, the State of Tennessee provides a summary of the CAPER on THDA and Tennessee Department of Economic and Community Development's websites and at each of the nine Development District offices for citizen review. Social media is also used to engage public participation. Citizens may access the summary and a public comment forum on THDA's website. Instructions for viewing and commenting on the summary are included in the summary and in a public notice that is published in both English and Spanish in newspapers throughout the state. This year, the notice was published in seven newspapers in both English and Spanish. The names of the publications in which the notices appear are:

- Memphis Commercial Appeal
- Jackson Sun
- Nashville Tennessean

- Clarksville Leaf-Chronicle
- Chattanooga Free Press
- Knoxville News Sentinel
- Johnson City Press

The notice was published on Thursday, September 12, 2013. The summary and the public comment forum were made available on THDA's website until September 27, 2013, which meets the requirements set forth in the State of Tennessee's Citizen Participation Plan. During the public comment period, no public comments were received.

B. Future Actions

The State of Tennessee will continue to administer the four formula programs covered in the Five-Year Consolidated Plan and work towards the goals set forth in the four priority areas. While the priority areas represent longer term goals, the Action Steps represent actions the four formula programs seek to carry out annually, in order to reach longer term goals. The State of Tennessee will also continue to work with local public housing authorities, as they work to adopt their long-term plans. Currently, the State of Tennessee assists with reviewing the plans of public housing authorities to ensure they are consistent with the State's Consolidated Plan. Aside from reporting, the Consolidated Partners will also continue to collaborate on housing related issues ranging from fair housing, to the new E-Con Planning Suite, to meeting specific housing and community actions steps as outlined in the Consolidated Plan. In regards to reporting, the administering agencies will continue to report on the activities of the CDBG, HOME, ESG and HOPWA programs. The four agencies will also continue to complete the Annual Action Plan, which states the intentions and goals of each program for the following fiscal year. The Consolidated Partners have already participated in a number of webinars hosted through HUD's E-Con Planning Suite and will continue to participate throughout the year. The Consolidated Partners will continue to follow the progress and educate themselves on the new Consolidated Planning tools.

The Consolidated Partners intend to make significant progress in fair housing. Each agency recognizes their obligations to further fair housing in Tennessee. The completion of the AI and a subsequent fair housing plan are the first steps in working to identify and overcome impediments and barriers to fair housing in the state. The Consolidated Partners will continue to make efforts in the area of fair housing over the coming year and will update HUD and FHEO as goals are met.

Although the State is not involved in providing direct services through the four formula programs, the State is responsible for ensuring funds are made available to local government and non-profit agencies throughout Tennessee that are capable of delivering services to local communities and individuals in need. While the State of Tennessee has identified specific target areas and community development and affordable housing goals, communities have the flexibility to use funds to reach their populations most efficiently and effectively. The State will continue to ensure funds from the four formula programs are used in a manner that is consistent with the Consolidated Plan, targets those who need assistance the most, and provides for the completion of community development and affordable housing goals.

Annual Performance Report, HOME Program

Prepared By:

Tennessee Housing Development Agency
Community Programs Division

Annual Performance Report HOME Program

U.S. Department of Housing
and Urban Development
Office of Community Planning
and Development

OMB Approval No. 2506-0171
(exp. 8/31/2009)

Public reporting burden for this collection of information is estimated to average 2.5 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. This agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless that collection displays a valid OMB control number.

The HOME statute imposes a significant number of data collection and reporting requirements. This includes information on assisted properties, on the owners or tenants of the properties, and on other programmatic areas. The information will be used: 1) to assist HOME participants in managing their programs; 2) to track performance of participants in meeting fund commitment and expenditure deadlines; 3) to permit HUD to determine whether each participant meets the HOME statutory income targeting and affordability requirements; and 4) to permit HUD to determine compliance with other statutory and regulatory program requirements. This data collection is authorized under Title II of the Cranston-Gonzalez National Affordable Housing Act or related authorities. Access to Federal grant funds is contingent on the reporting of certain project-specific data elements. Records of information collected will be maintained by the recipients of the assistance. Information on activities and expenditures of grant funds is public information and is generally available for disclosure. Recipients are responsible for ensuring confidentiality when public disclosure is not required.

This form is intended to collect numeric data to be aggregated nationally as a complement to data collected through the Cash and Management Information (C/MI) System. Participants should enter the reporting period in the first block. The reporting period is October 1 to September 30. Instructions are included for each section if further explanation is needed.

Submit this form on or before December 31. Send one copy to the appropriate HUD Field Office and one copy to: HOME Program, Rm 7176, 451 7th Street, S.W., Washington D.C. 20410	This report is for period (mm/dd/yyyy) Starting 07/01/2012	Ending 06/30/2013	Date Submitted (mm/dd/yyyy) 09/30/2013

FY 2012-13
Annual Performance Report, HOPWA

Prepared By:

State of Tennessee
Department of Health

State of Tennessee: Housing Opportunities for Persons with AIDS (HOPWA) Program for 2012-13

Consolidated Annual Performance and Evaluation Report (CAPER) Measuring Performance Outcomes

OMB Number 2506-0133 (Expiration Date: 10/31/2014)

The CAPER report for HOPWA formula grantees provides annual information on program accomplishments that supports program evaluation and the ability to measure program beneficiary outcomes as related to: maintain housing stability; prevent homelessness; and improve access to care and support. This information is also covered under the Consolidated Plan Management Process (CPMP) report and includes Narrative Responses and Performance Charts required under the Consolidated Planning regulations. The public reporting burden for the collection of information is estimated to average 42 hours per manual response, or less if an automated data collection and retrieval system is in use, along with 60 hours for record keeping, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Grantees are required to report on the activities undertaken only, thus there may be components of these reporting requirements that may not be applicable. This agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless that collection displays a valid OMB control number.

Overview. The Consolidated Annual Performance and Evaluation Report (CAPER) provides annual performance reporting on client outputs and outcomes that enables an assessment of grantee performance in achieving the housing stability outcome measure. The CAPER, in conjunction with the Integrated Disbursement Information System (IDIS), fulfills statutory and regulatory program reporting requirements and provides the grantee and HUD with the necessary information to assess the overall program performance and accomplishments against planned goals and objectives.

HOPWA formula grantees are required to submit a CAPER, and complete annual performance information for all activities undertaken during each program year in the IDIS, demonstrating coordination with other Consolidated Plan resources. HUD uses the CAPER and IDIS data to obtain essential information on grant activities, project sponsors, Subrecipient organizations, housing sites, units and households, and beneficiaries (which includes racial and ethnic data on program participants). The Consolidated Plan Management Process tool (CPMP) provides an optional tool to integrate the reporting of HOPWA specific activities with other planning and reporting on Consolidated Plan activities.

Table of Contents

PART 1: Grantee Executive Summary

1. Grantee Information
2. Project Sponsor Information
3. Administrative Subrecipient Information
4. Program Subrecipient Information
5. Grantee Narrative and Performance Assessment
 - a. Grantee and Community Overview
 - b. Annual Performance under the Action Plan
 - c. Barriers or Trends Overview
 - d. Assessment of Unmet Housing Needs

PART 2: Sources of Leveraging and Program Income

1. Sources of Leveraging
2. Program Income and Resident Rent Payments

PART 3: Accomplishment Data: Planned Goals and Actual Outputs

PART 4: Summary of Performance Outcomes

1. Housing Stability: Permanent Housing and Related Facilities
2. Prevention of Homelessness: Short-Term Housing Payments
3. Access to Care and Support: Housing Subsidy Assistance with Supportive Services

PART 5: Worksheet - Determining Housing Stability Outcomes

PART 6: Annual Certification of Continued Use for HOPWA Facility-Based Stewardship Units (Only)

PART 7: Summary Overview of Grant Activities

- A. Information on Individuals, Beneficiaries and Households Receiving HOPWA Housing Subsidy Assistance (TBRA, STRMU, PHP, Facility Based Units, Master Leased Units ONLY)
- B. Facility-Based Housing Assistance

Continued Use Periods. Grantees that received HOPWA funding for new construction, acquisition, or substantial rehabilitations are required to operate their facilities for HOPWA-eligible beneficiaries for a ten (10) years period. If no further HOPWA funds are used to support the facility, in place of completing Section 7B of the CAPER, the grantee must submit an Annual Certification of Continued Project Operation throughout the required use periods. This certification is included in Part 6 in CAPER. The required use period is three (3) years if the rehabilitation is non-substantial.

In connection with the development of the Department's standards for Homeless Management Information Systems (HMIS), universal data elements are being collected for clients of HOPWA-funded homeless assistance projects. These project sponsor/subrecipient records would include: Name, Social Security Number, Date of Birth, Ethnicity and Race, Gender, Veteran Status, Disabling Conditions, Residence Prior to Program Entry, Zip Code of Last Permanent Address, Housing Status, Program Entry Date, Program Exit Date, Personal Identification Number, and Household Identification Number. These are intended to match the elements under HMIS. The HOPWA program-level data elements include: Income and Sources, Non-Cash Benefits, HIV/AIDS Status, Services Provided, and

Housing Status or Destination at the end of the operating year. Other suggested but optional elements are: Physical Disability, Developmental Disability, Chronic Health Condition, Mental Health, Substance Abuse, Domestic Violence, Date of Contact, Date of Engagement, Financial Assistance, Housing Relocation & Stabilization Services, Employment, Education, General Health Status, , Pregnancy Status, Reasons for Leaving, Veteran's Information, and Children's Education. Other HOPWA projects sponsors may also benefit from collecting these data elements.

Final Assembly of Report. After the entire report is assembled, please number each page sequentially.

Filing Requirements. Within 90 days of the completion of each program year, grantees must submit their completed CAPER to the CPD Director in the grantee's State or Local HUD Field Office, and to the HOPWA Program Office: at HOPWA@hud.gov. Electronic submission to HOPWA Program office is preferred; however, if electronic submission is not possible, hard copies can be mailed to: Office of HIV/AIDS Housing, Room 7212, U.S. Department of Housing and Urban Development, 451 Seventh Street, SW, Washington, D.C.

Record Keeping. Names and other individual information must be kept confidential, as required by 24 CFR 574.440. However, HUD reserves the right to review the information used to complete this report for grants management oversight purposes, except for recording any names and other identifying information. **In the case that HUD must review client level data, no client names or identifying information will be retained or recorded. Information is reported in aggregate to HUD without personal identification. Do not submit client or personal information in data systems to HUD.**

Definitions

Adjustment for Duplication: Enables the calculation of unduplicated output totals by accounting for the total number of households or units that received more than one type of HOPWA assistance in a given service category such as HOPWA Subsidy Assistance or Supportive Services. For example, if a client household received both TBRA and STRMU during the operating year, report that household in the category of HOPWA Housing Subsidy Assistance in Part 3, Chart 1, Column [1b] in the following manner:

HOPWA Housing Subsidy Assistance		[1] Outputs: Number of Households
1.	Tenant-Based Rental Assistance	
2a.	Permanent Housing Facilities: Received Operating Subsidies/Leased units	
2b.	Transitional/Short-term Facilities: Received Operating Subsidies	
3a.	Permanent Housing Facilities: Capital Development Projects placed in service during the operating year	
3b.	Transitional/Short-term Facilities: Capital Development Projects placed in service during the operating year	
4.	Short-term Rent, Mortgage, and Utility Assistance	1
5.	Adjustment for duplication (subtract)	
6.	TOTAL Housing Subsidy Assistance (Sum of Rows 1-4 minus Row 5)	1

Administrative Costs: Costs for general management, oversight, coordination, evaluation, and reporting. By statute, grantee administrative costs are limited to 3% of total grant award, to be expended over the life of the grant. Project sponsor administrative costs are limited to 7% of the portion of the grant amount they receive.

Beneficiary(ies): All members of a household who received HOPWA assistance during the operating year including the one individual who qualified the household for HOPWA assistance as well as any other members of the household (with or without HIV) who benefitted from the assistance.

Central Contractor Registration (CCR): The primary registrant database for the U.S. Federal Government. CCR collects, validates, stores, and disseminates data in support of agency acquisition missions, including Federal agency contract and assistance awards. Both current and potential federal government registrants (**grantees**) are required to register in CCR in order to be awarded contracts by the federal government. Registrants must update or renew their registration at least once per year to maintain an active status. Although recipients of direct federal contracts and grant awards have been required to be registered with CCR since 2003, this requirement is now being extended to indirect recipients of federal funds with the passage of ARRA (American Recovery and Reinvestment Act). Per ARRA and FFATA (Federal Funding Accountability and Transparency Act) federal regulations, all **grantees** and sub-grantees or subcontractors receiving federal grant awards or contracts must have a DUNS (Data Universal Numbering System) Number.

Chronically Homeless Person: An individual or family who : (i) is homeless and lives or resides individual or family who: (i) Is homeless and lives or resides in a place not meant for human habitation, a safe haven, or in an emergency shelter; (ii) has been homeless and living or residing in a place not meant for human habitation, a safe haven, or in an emergency shelter continuously for at least 1 year or on at least 4 separate occasions in the last 3 years; and (iii) has an adult head of household (or a minor head of household if no adult is present in the household) with a diagnosable substance use disorder, serious mental illness, developmental disability (as defined in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (42 U.S.C. 15002)), post traumatic stress disorder, cognitive impairments resulting from a brain injury, or chronic physical illness or disability, including the co-occurrence of 2 or more of those conditions. Additionally, the statutory definition includes as chronically homeless a person who currently lives or resides in an institutional care facility, including a jail, substance abuse or mental health treatment facility, hospital or other similar facility, and has resided there for fewer than 90 days if such person met the other criteria for homeless prior to entering that facility. (See 42 U.S.C. 11360(2)) This does not include doubled-up or overcrowding situations.

Disabling Condition: Evidencing a diagnosable substance use disorder, serious mental illness, developmental disability, chronic physical illness, or disability, including the co-occurrence of two or more of these conditions. In addition, a disabling condition may limit an individual's ability to work or perform one or more activities of daily living. An HIV/AIDS diagnosis is considered a disabling condition.

Facility-Based Housing Assistance: All eligible HOPWA Housing expenditures for or associated with supporting facilities including community residences, SRO dwellings, short-term facilities, project-based rental units, master leased units, and other housing facilities approved by HUD.

Faith-Based Organization: Religious organizations of three types: (1) congregations; (2) national networks, which include national denominations, their social service arms (for example, Catholic Charities, Lutheran Social Services), and networks of related organizations (such as YMCA and YWCA); and (3) freestanding religious organizations, which are incorporated separately from congregations and national networks.

Grassroots Organization: An organization headquartered in the local community where it provides services; has a social services budget of \$300,000 or less annually, and six or fewer full-time equivalent employees. Local affiliates of national organizations are not considered "grassroots."

HOPWA Eligible Individual: The one (1) low-income person with HIV/AIDS who qualifies a household for HOPWA assistance. This person may be considered "Head of Household." When the CAPER asks for information on eligible individuals, report on this individual person only. Where there is more than one person with HIV/AIDS in the household, the additional PWH/A(s), would be considered a beneficiary(s).

HOPWA Housing Information Services: Services dedicated to helping persons living with HIV/AIDS and their families to identify, locate, and acquire housing. This may also include fair housing counseling for eligible persons who may encounter discrimination based on race, color, religion, sex, age, national origin, familial status, or handicap/disability.

HOPWA Housing Subsidy Assistance Total: The unduplicated number of households receiving housing subsidies (TBRA, STRMU, Permanent Housing Placement services and Master Leasing) and/or residing in units of facilities dedicated to persons living with HIV/AIDS and their families and supported with HOPWA funds during the operating year.

Household: A single individual or a family composed of two or more persons for which household incomes are used to determine eligibility and for calculation of the resident rent payment. The term is used for collecting data on changes in income, changes in access to services, receipt of housing information services, and outcomes on achieving housing stability. Live-In Aides (see definition for Live-In Aide) and non-beneficiaries (e.g. a shared housing arrangement with a roommate) who resided in the unit are not reported on in the CAPER.

Housing Stability: The degree to which the HOPWA project assisted beneficiaries to remain in stable housing during the operating year. See *Part 5: Determining Housing Stability Outcomes* for definitions of stable and unstable housing situations.

In-kind Leveraged Resources: These involve additional types of support provided to assist HOPWA beneficiaries such as volunteer services, materials, use of equipment and building space. The actual value of the support can be the contribution of professional services, based on customary rates for this specialized support, or actual costs contributed from other leveraged resources. In determining a rate for the contribution of volunteer time and services, use the rate established in HUD notices, such as the rate of ten dollars per hour. The value of any donated material, equipment, building, or lease should be based on the fair market value at time of donation. Related documentation can be from recent bills of sales, advertised prices, appraisals, or other information for comparable property similarly situated.

Leveraged Funds: The amount of funds expended during the operating year from non-HOPWA federal, state, local, and private sources by grantees or sponsors in dedicating assistance to this client population. Leveraged funds or other assistance are used directly in or in support of HOPWA program delivery.

Live-In Aide: A person who resides with the HOPWA Eligible Individual and who meets the following criteria: (1) is essential to the care and well-being of the person; (2) is not obligated for the support of the person; and (3) would not be living in the unit except to provide the necessary supportive services. See the *Code of Federal Regulations Title 24, Part 5.403 and the HOPWA Grantee Oversight Resource Guide* for additional reference.

Master Leasing: Applies to a nonprofit or public agency that leases units

of housing (scattered-sites or entire buildings) from a landlord, and subleases the units to homeless or low-income tenants. By assuming the tenancy burden, the agency facilitates housing of clients who may not be able to maintain a lease on their own due to poor credit, evictions, or lack of sufficient income.

Operating Costs: Applies to facility-based housing only, for facilities that are currently open. Operating costs can include day-to-day housing function and operation costs like utilities, maintenance, equipment, insurance, security, furnishings, supplies and salary for staff costs directly related to the housing project but not staff costs for delivering services.

Outcome: The degree to which the HOPWA assisted household has been enabled to establish or maintain a stable living environment in housing that is safe, decent, and sanitary, (per the regulations at 24 CFR 574.310(b)) and to reduce the risks of homelessness, and improve access to HIV treatment and other health care and support.

Output: The number of units of housing or households that receive HOPWA assistance during the operating year.

Permanent Housing Placement: A supportive housing service that helps establish the household in the housing unit, including but not limited to reasonable costs for security deposits not to exceed two months of rent costs.

Program Income: Gross income directly generated from the use of HOPWA funds, including repayments. See grant administration requirements on program income for state and local governments at 24 CFR 85.25, or for non-profits at 24 CFR 84.24.

Project-Based Rental Assistance (PBRA): A rental subsidy program that is tied to specific facilities or units owned or controlled by a project sponsor or Subrecipient. Assistance is tied directly to the properties and is not portable or transferable.

Project Sponsor Organizations: Any nonprofit organization or governmental housing agency that receives funds under a contract with the grantee to provide eligible housing and other support services or administrative services as defined in 24 CFR 574.300. Project Sponsor organizations are required to provide performance data on households served and funds expended. Funding flows to a project sponsor as follows:

HUD Funding → Grantee → Project Sponsor

Short-Term Rent, Mortgage, and Utility (STRMU) Assistance: A time-limited, housing subsidy assistance designed to prevent homelessness and increase housing stability. Grantees may provide assistance for up to 21 weeks in any 52 week period. The amount of assistance varies per client depending on funds available, tenant need and program guidelines.

Stewardship Units: Units developed with HOPWA, where HOPWA funds were used for acquisition, new construction and rehabilitation that no longer receive operating subsidies from HOPWA. Report information for the units is subject to the three-year use agreement if rehabilitation is non-substantial and to the ten-year use agreement if rehabilitation is substantial.

Subrecipient Organization: Any organization that receives funds from a project sponsor to provide eligible housing and other support services and/or administrative services as defined in 24 CFR 574.300. If a subrecipient organization provides housing and/or other supportive services directly to clients, the subrecipient organization must provide performance data on household served and funds expended. Funding flows to subrecipients as follows:

HUD Funding → Grantee → Project Sponsor → Subrecipient

Tenant-Based Rental Assistance (TBRA): TBRA is a rental subsidy program similar to the Housing Choice Voucher program that grantees can provide to help low-income households access affordable housing. The TBRA voucher is not tied to a specific unit, so tenants may move to a different unit without losing their assistance, subject to individual program rules. The subsidy amount is determined in part based on household income and rental costs associated with the tenant's lease.

Transgender: Transgender is defined as a person who identifies with, or presents as, a gender that is different from his/her gender at birth.

Veteran: A veteran is someone who has served on active duty in the Armed Forces of the United States. This does not include inactive military reserves or the National Guard unless the person was called up to active duty.

Grantee Narrative and Performance Assessment

a. Grantee and Community Overview

Provide a one to three page narrative summarizing major achievements and highlights that were proposed and completed during the program year. Include a brief description of the grant organization, area of service, the name(s) of the program contact(s), and an overview of the range/type of housing activities provided. This overview may be used for public information, including posting on HUD's website. **Note:** Text fields are expandable.

There were seven (7) HOPWA applicants awarded funding through a competitive application process in 2010 facilitated by Department of Health. Awardees included NEW HOPE Program facilitated by Frontier Mental Health, East TN Human Resource Agency (ETHRA), Chattanooga CARES, Nashville CARES, Columbia CARES and West Tennessee Legal organizations (WTLS).

Within the written criteria developed by Department of Health to request applicants and proposal, criteria was structured using multiple factors to probe, then determine historical potential to meet HUD's minimum scope of public service requirements set-forth for experience and expertise to fulfill specific rules and standards for grantees as specified in written criteria (*Reference: 24 CFR 574 Section 500, HOPWA Oversight Resource Guide, 2010, pages 12-27 and CFR 85 and OMB Circular, 570.502 & 570.506*). From this applications process, seven (7) project sponsor were chosen for funding from 2011-16. The TN Department of Health uses a funding cycles that funds prevention activities from July 1 to last day of June 30th or 31st. Each of the seven (7) applicants met the minimum specifications for the State of TN HOPWA Grant Programs.

The Department of Health, HIV/STD Program pursuant to fulfillment of statute compliance of 24 CFR, Part 574, Section 500 (a) to plan and educate grantees within this network of seven (7) HOPWA grantees participated in CPDG Training(s) offered throughout 2012-13. There were issues and barriers discussed in meetings with Community Development Block Grant (CDBG) representatives brought in to help THDA Housing Official(s) draft *Tennessee AI*. Planning and training activities were formulated to support THDA with this mission.

The specific inputs would relate to planning and training activities that intersect directly to our (Department of Health) using both remote and on-site reviews along with internal reports and invoices to rate project technical assistance needs and implementation status using the below identified timeframes.

STATE of TN HOPWA GRANTEE OVERSIGHT FIVE (5) YEAR PLANNING MAP & METHOD

Projected input activity related deliverables are below:

Year 1

- 1) Drafted Oversight Plan and distributed to Project Sponsors and Internal Staff for input and promulgated at least 1 year before being incorporated;
- 2) Integrated feedback from meetings with Project Sponsors, HUD & THDA Officials into plans for development;
- 3) Distribute HUD recommendations how to quantify outcomes and forms to all personnel (suggesting internal QA);
- 4) Create IDIS Draw Structure Using CAPER reported to state data;
- 5) Work to understand IDIS development strategies;

Year 2

- 1) Expand Oversight Monitoring to address remote monitoring and best practice development;
- 2) Integrate HUD suggested fiscal tracking model by data capture;
- 3) Work with internal and external personnel to streamline understanding of reports;
- 4) Test reliability of our understanding what term means with Project Sponsor, THDA and HUD;
- 5) Integrate merit of lesson learn model to control growth and inspire growth and change where applicable;

Year 3-5

- 1) Conduct audits that test and expand on understanding interpretation of CAPER terms, definitions;
- 2) Investigate training and resource development areas and needs;
- 3) Investigate merits of paperless reporting of Project Sponsors via IDIS;

The breakdown of output related system activities would include the below deliverables:

- Define- Investigate publish materials and distribute to seven (7) Project Sponsor in two (2) annual meetings;
- Measure-Define in both qualitative and quantitative measurable terms as documented in written reports to Project Sponsors, ARP CAPER using D1110 C & D formats, Annual Summative Report internal document to investigate capture a four (4) and five (5) year developmental perspective and analysis various strategies and community needs;

- **Analyze-Rate** level of competency to avoid incident of non-compliance by Department of Health and Project Sponsors because of lack of not knowing appropriate methods how to achieve forecasted outcomes correctly. Also, Project Sponsor expressed in our network trainings and planning meetings the desire to design exemplary program models by using data driven tracked instrumentation of the adapted model of the HUD suggested Risk Assessment promulgated that was introduced to them in 2011;
- **Improve-Expand** on current training and planning accomplishments by recognizing participant contributions and communicating attributes in writing. Basically, integrate exemplary best practice opportunities for planning and training;
- **Control-Use** information distribution strategies to build on the awesome THDA Planning instrumentation around Fair Housing, use of network training events, case management info distribution, newsletters and use of HUD web-in-airs;

The above planning and training activities were structured in an effort to encourage HOPWA personnel with a vision for how to build productive practices for HOPWA participants.

b. Annual Performance under the Action Plan

Provide a narrative addressing each of the following four items:

1. Outputs Reported. Describe significant accomplishments or challenges in achieving the number of housing units supported and the number households assisted with HOPWA funds during this operating year compared to plans for this assistance, as approved in the Consolidated Plan/Action Plan. Describe how HOPWA funds were distributed during your program year among different categories of housing and geographic areas to address needs throughout the grant service area, consistent with approved plans.

A regional formula was applied to determine funding.

Table 1.1

HOPWA 2013	%Fund	2012 Budget	Regional%
Chatt CRS	21%	\$ 221,400.00	22
Columbia CRS	9%	\$ 81,500.00	9
East TN HRA	30%	\$ 279,900.00	30
Frontier Health	11%	\$ 98,200.00	11
Nashville CRS	5%	\$ 45,400.00	5
UC HRA	7%	\$ 61,700.00	7
WTLS	16%	\$ 141,900.00	16
Total	100%	\$ 930,000.00	
State Admin		\$ 17,455.00	3
		\$ 947,455.00	

2. Outcomes Assessed. Assess your program's success in enabling HOPWA beneficiaries to establish and/or better maintain a stable living environment in housing that is safe, decent, and sanitary, and improve access to care. Compare current year results to baseline results for clients. Describe how program activities/projects contributed to meeting stated goals. If program did not achieve expected targets, please describe how your program plans to address challenges in program implementation and the steps currently being taken to achieve goals in next operating year. If your program exceeded program targets, please describe strategies the program utilized and how those contributed to program successes.

3. Coordination. Report on program coordination with other mainstream housing and supportive services resources, including the use of committed leveraging from other public and private sources that helped to address needs for eligible persons identified in the Consolidated Plan/Strategic Plan.

Per TN HOPWA Oversight Plan, HUD published info was distributed statewide as earlier identified. Templates showing Fair Housing statues and grantee responsibilities relative to expected content of activities for the HOPWA programs were discussed. Material distribution materials passed are routinely passed on to participants and disclosure specific to fulfill HUD advocacy expectations conveyed.

HOPWA planning and training system input and output specification are below.

TABLE STATE TN HOPWA COORDINATION

I#	Input	Output	Status
1	Address concerns of funding sources, grantees and internal stakeholders	Investigate published guidance and info on Fair Housing, HOPWA Client Basics, Risk Analysis	1st Yr Goal Achieved
2	Respond to concerns, issues & identified problems in 2010 grantee Survey;	Remove IDIS flag and record TN Formula achievement for 2010-11 in system	1st Yr Goal Achieved
3	Conduct a Remote Audit of Grantees	Involve Grantees in planning for criteria to be used in 5 Yr Oversight Plan	1st Yr Goal Achieved
4	Distribute HUD Materials to Grantees with resources that include: <u>US Department of Community Development, 2011, HOPWA Financial Management Training Manual, http://hopawbt.hudhre.info</u> <i>Housing Opportunities for People with AIDS (HOPWA) Resource Guide</i> , Office of HIV/AIDS Housing, Update 2010.	Involve Grantees in discussion about expectation and communicate details of expected performance.	1st Yr Goal Achieved
5	With Grantee feedback, create skill based scorekeeping best practice model	Collect client basic performance data and provide written feedback.	1st Yr Goal Achieved
6	Encourage participation in training events, web-in-airs and on-line trainings	One grantee completed the On-line HOWPA Management training course for HOPWA personnel, became the first person in Tennessee to complete this course; four (4) attend the CDBG training in Murfreesboro in 2013 with one (1) receiving a certificate of completion.	1st Yr Goal Achieved
1 st Year <i>Planning and Training Objectives</i> achieved. All grantees rated compliant in 50 of the 70 Best Practice indicators developed by State of TN HOPWA network in fiscal year 2011-12.			

4. Technical Assistance. Describe any program technical assistance needs and how they would benefit program beneficiaries.

Toward pursuant of fulfillment of state and federal statutory expectation, the Department of Health uses a Contract Templates that possess language to included in it references about disability and employment practices. In addition, hands outs have been crafted that describe 24 CFR 574.3 HUD expectations for oversight elements, 24 CFR 982.306 (d) to prohibit from renting to relatives 24 CFR 574.330 regarding HOPWA participation timeframes, 24 CFR 574.330(e) for supportive services minimum expectation. Our initial focus has been toward a structure to reinforce client basics for STRMU operations. Next we schedule to focus more on Supportive Services and resource development.

c. Barriers and Trends Overview

Provide a narrative addressing items 1 through 3. Explain how barriers and trends affected your program's ability to achieve the objectives and outcomes discussed in the previous section.

1. Describe any barriers (including regulatory and non-regulatory) encountered in the administration or implementation of the HOPWA program, how they affected your program's ability to achieve the objectives and outcomes discussed, and, actions taken in response to barriers, and recommendations for program improvement. Provide an explanation for each barrier selected.

In a earlier survey of Tennessee HOPWA grantees, respondents disclose difficulty understanding state and federal operational requirements. Since then, we have sought to build on their

2. Describe any trends in the community that may affect the way in which the needs of persons living with HIV/AIDS are being addressed, and provide any other information important to the future provision of services to this population.

All input and output goals were met by grantee and project sponsors in 2011, except for which recorded a 97% target compliance.

3. Identify any evaluations, studies, or other assessments of the HOPWA program that are available to the public.

All Project Sponsors were evaluated using the HUD suggested model to track eligibility of participants for HOPWA in 2010, 11 and 12. These outcomes were downloaded into IDIS. Grantee goals were drafted as part of a 5 Year Oversight Plan to upgrade level of data being reported, measured and analyze ratio trends for CAPER Reports and offer network focus groups and feedback loops to reinforce development of best practice skills, models of service delivery needed to improve and control practice and policy outcomes. Everyone agrees to want better more efficient ways to aggregate and automate routine documentation.

d. Unmet Housing Needs: An Assessment of Unmet Housing Needs

In Chart 1, provide an assessment of the number of HOPWA-eligible households that require HOPWA housing subsidy assistance but are not currently served by any HOPWA-funded housing subsidy assistance in this service area.

In Row 1, report the total unmet need of the geographical service area, as reported in *Unmet Needs for Persons with HIV/AIDS*, Chart 1B of the Consolidated or Annual Plan(s), or as reported under HOPWA worksheet in the Needs Workbook of the Consolidated Planning Management Process (CPMP) tool.

Note: Report most current data available, through Consolidated or Annual Plan(s), and account for local housing issues, or changes in HIV/AIDS cases, by using combination of one or more of the sources in Chart 2.

If data is collected on the type of housing that is needed in Rows a. through c., enter the number of HOPWA-eligible households by type of housing subsidy assistance needed. For an approximate breakdown of overall unmet need by type of housing subsidy assistance refer to the Consolidated or Annual Plan (s), CPMP tool or local distribution of funds. Do not include clients who are already receiving HOPWA-funded housing subsidy assistance.

Refer to Chart 2, and check all sources consulted to calculate unmet need. Reference any data from neighboring states' or municipalities' Consolidated Plan or other planning efforts that informed the assessment of Unmet Need in your service area.

Note: In order to ensure that the unmet need assessment for the region is comprehensive, HOPWA formula grantees should include those unmet needs assessed by HOPWA competitive grantees operating within the service area.

End of PART 1

As earlier mention surveillance data indicate upward trends for HIV/AIDS in Knoxville and Chattanooga area. Our programs in those areas have received increased number of referrals as indicated.

PART 2: Sources of Leveraging and Program Income

1. Sources of Leveraging

Report the source(s) of cash or in-kind leveraged federal, state, local or private resources identified in the Consolidated or Annual Plan and used in the delivery of the HOPWA program and the amount of leveraged dollars. In Column [1], identify the type of leveraging. Some common sources of leveraged funds have been provided as a reference point. You may add Rows as necessary to report all sources of leveraged funds. Include Resident Rent payments paid by clients directly to private landlords. Do NOT include rents paid directly to a HOPWA program as this will be reported in the next section. In Column [2] report the amount of leveraged funds expended during the operating year. Use Column [3] to provide some detail about the type of leveraged contribution (e.g., case management services or clothing donations). In Column [4], check the appropriate box to indicate whether the leveraged contribution was a housing subsidy assistance or another form of support.

Note: Be sure to report on the number of households supported with these leveraged funds in Part 3, Chart 1, Column d.

PART 3: Accomplishment Data Planned Goal and Actual Outputs

In Chart 1, enter performance information (goals and actual outputs) for all activities undertaken during the operating year supported with HOPWA funds. Performance is measured by the number of households and units of housing that were supported with HOPWA or other federal, state, local, or private funds for the purposes of providing housing assistance and support to persons living with HIV/AIDS and their families.

Note: The total households assisted with HOPWA funds and reported in PART 3 of the CAPER should be the same as reported in the annual year-end IDIS data, and goals reported should be consistent with the Annual Plan information. Any discrepancies or deviations should be explained in the narrative section of PART 1.

3. Short-Term Rent, Mortgage and Utility Assistance (STRMU) Summary

In Row a., enter the total number of households served and the amount of HOPWA funds expended on Short-Term Rent, Mortgage and Utility (STRMU) Assistance. In Row b., enter the total number of STRMU-assisted households that received assistance with mortgage costs only (no utility costs) and the amount expended assisting these households. In Row c., enter the total number of STRMU-assisted households that received assistance with both mortgage and utility costs and the amount expended assisting these households. In Row d., enter the total number of STRMU-assisted households that received assistance with rental costs only (no utility costs) and the amount expended assisting these households. In Row e., enter the total number of STRMU-assisted households that received assistance with both rental and utility costs and the amount expended assisting these households. In Row f., enter the total number of STRMU-assisted households that received assistance with utility costs only (not including rent or mortgage costs) and the amount expended assisting these households. In row g., report the amount of STRMU funds expended to support direct program costs such as program operation staff.

Data Check: The total households reported as served with STRMU in Row a., column [1] and the total amount of HOPWA funds reported as expended in Row a., column [2] equals the household and expenditure total reported for STRMU in Part 3, Chart 1, Row 4, Columns b. and f., respectively.

Data Check: The total number of households reported in Column [1], Rows b., c., d., e., and f. equal the total number of STRMU households reported in Column [1], Row a. The total amount reported as expended in Column [2], Rows b., c., d., e., f., and g. equal the total amount of STRMU expenditures reported in Column [2], Row a.

End of PART 3

Part 4: Summary of Performance Outcomes

In Column [1], report the total number of eligible households that received HOPWA housing subsidy assistance, by type.

In Column [2], enter the number of households that continued to access each type of housing subsidy assistance into next operating year. In Column [3], report the housing status of all households that exited the program.

Data Check: The sum of Columns [2] (Number of Households Continuing) and [3] (Exited Households) equals the total reported in Column[1].

Note: Refer to the housing stability codes that appear in Part 5: Worksheet - Determining Housing Stability Outcomes.

Section 2. Prevention of Homelessness: Assessment of Client Outcomes on Reduced Risks of Homelessness (Short-Term Housing Subsidy Assistance)

Report the total number of households that received STRMU assistance in Column [1].

In Column [2], identify the outcomes of the households reported in Column [1] either at the time that they were known to have left the STRMU program or through the project sponsor or subrecipient's best assessment for stability at the end of the operating year.

Information in Column [3] provides a description of housing outcomes; therefore, data is not required.

At the bottom of the chart:

- In Row 1a., report those households that received STRMU assistance during the operating year of this report, and the prior operating year.
- In Row 1b., report those households that received STRMU assistance during the operating year of this report, and the two prior operating years.

Data Check: The total households reported as served with STRMU in Column [1] equals the total reported in Part 3, Chart 1, Row 4, Column b.

Data Check: The sum of Column [2] should equal the number of households reported in Column [1].

Section 3. HOPWA Outcomes on Access to Care and Support

1a. Total Number of Households

Line [1]: For project sponsors/subrecipients that provided HOPWA housing subsidy assistance during the operating year identify in the appropriate row the number of households that received HOPWA housing subsidy assistance (TBRA, STRMU, Facility-Based, PHP and Master Leasing) and HOPWA funded case management services. Use Row c. to adjust for duplication among the service categories and Row d. to provide an unduplicated household total.

Line [2]: For project sponsors/subrecipients that did NOT provide HOPWA housing subsidy assistance identify in the appropriate row the number of households that received HOPWA funded case management services.

Note: These numbers will help you to determine which clients to report Access to Care and Support Outcomes for and will be used by HUD as a basis for analyzing the percentage of households who demonstrated or maintained connections to care and support as identified in Chart 1b. below.

Total Number of Households		
1. For Project Sponsors/Subrecipients that provided HOPWA Housing Subsidy Assistance: Identify the total number of households that received the following HOPWA-funded services:		
a. Housing Subsidy Assistance (duplicated)-TBRA, STRMU, PHP, Facility-Based Housing, and Master Leasing		468
b. Case Management		878
c. Adjustment for duplication (subtraction)		33
d. Total Households Served by Project Sponsors/Subrecipients with Housing Subsidy Assistance (Sum of Rows a.b. minus Row c.)		468
2. For Project Sponsors/Subrecipients did NOT provide HOPWA Housing Subsidy Assistance: Identify the total number of households that received the following HOPWA-funded service:		
a. HOPWA Case Management		878
b. Total Households Served by Project Sponsors/Subrecipients without Housing Subsidy Assistance		999

1b. Status of Households Accessing Care and Support

Column [1]: Of the households identified as receiving services from project sponsors/subrecipients that provided HOPWA housing subsidy assistance as identified in Chart 1a., Row 1d. above, report the number of households that demonstrated access or maintained connections to care and support within the program year.

Column [2]: Of the households identified as receiving services from project sponsors/subrecipients that did NOT provide HOPWA housing subsidy assistance as reported in Chart 1a., Row 2b., report the number of households that demonstrated improved access or maintained connections to care and support within the program year.

Note: For information on types and sources of income and medical insurance/assistance, refer to Charts below.

PART 5: Worksheet - Determining Housing Stability Outcomes (optional)

1. This chart is designed to assess program results based on the information reported in Part 4 and to help Grantees determine overall program performance. Completion of this worksheet is optional.

Permanent Housing Subsidy Assistance	Stable Housing (# of households remaining in program plus 3+4+5+6)	Temporary Housing (2)	Unstable Arrangements (1+7+8)	Life Event (9)
Tenant-Based Rental Assistance (TBRA)				
Permanent Facility-based Housing Assistance/Units				
Transitional/Short-Term Facility-based Housing Assistance/Units				
Total Permanent HOPWA Housing Subsidy Assistance				
Reduced Risk of Homelessness: Short-Term Assistance	Stable/Permanent Housing	Temporarily Stable, with Reduced Risk of Homelessness	Unstable Arrangements	Life Events
Short-Term Rent, Mortgage, and Utility Assistance (STRMU)	468	4	1	1
Total HOPWA Housing Subsidy Assistance	468			

Background on HOPWA Housing Stability Codes

Stable Permanent Housing/Ongoing Participation

3 = Private Housing in the private rental or home ownership market (without known subsidy, including permanent placement with families or other self-sufficient arrangements) with reasonable expectation that additional support is not needed.

4 = Other HOPWA-funded housing subsidy assistance (not STRMU), e.g. TBRA or Facility-Based Assistance.

5 = Other subsidized house or apartment (non-HOPWA sources, e.g., Section 8, HOME, public housing).

6 = Institutional setting with greater support and continued residence expected (e.g., residential or long-term care facility).

Temporary Housing

2 = Temporary housing - moved in with family/friends or other short-term arrangement, such as Ryan White subsidy, transitional housing for homeless, or temporary placement in institution (e.g., hospital, psychiatric hospital or other psychiatric facility, substance abuse treatment facility or detox center).

Unstable Arrangements

1 = Emergency shelter or no housing destination such as places not meant for habitation (e.g., a vehicle, an abandoned building, bus/train/subway station, or anywhere outside).

7 = Jail /prison.

8 = Disconnected or disappeared from project support, unknown destination or no assessments of housing needs were undertaken.

Life Event

9 = Death, i.e., remained in housing until death. This characteristic is not factored into the housing stability equation.

Tenant-based Rental Assistance: Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as reported under: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed

assistance, and left their current housing for a non-permanent housing arrangement, as reported under item: 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Permanent Facility-Based Housing Assistance: Stable Housing is the sum of the number of households that (i) remain in the housing and (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Transitional/Short-Term Facility-Based Housing Assistance: Stable Housing is the sum of the number of households that (i) continue in the residences (ii) those that left the assistance as shown as items: 3, 4, 5, and 6. Other Temporary Housing is the number of households that accessed assistance, and left their current housing for a non-permanent housing arrangement, as reported under item 2. Unstable Situations is the sum of numbers reported under items: 1, 7, and 8.

Tenure Assessment. A baseline of households in transitional/short-term facilities for assessment purposes, indicate the number of households whose tenure exceeded 24 months.

STRMU Assistance: Stable Housing is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period and there is reasonable expectation that additional support is not needed in order to maintain permanent housing living situation (as this is a time-limited form of housing support) as reported under housing status: Maintain Private Housing with subsidy; Other Private with Subsidy; Other HOPWA support; Other Housing Subsidy; and Institution. Temporarily Stable, with Reduced Risk of Homelessness is the sum of the number of households that accessed assistance for some portion of the permitted 21-week period or left their current housing arrangement for a transitional facility or other temporary/non-permanent housing arrangement and there is reasonable expectation additional support will be needed to maintain housing arrangements in the next year, as reported under housing status: Likely to maintain current housing arrangements, with additional STRMU assistance; Transitional Facilities/Short-term; and Temporary/Non-Permanent Housing arrangements. Unstable Situation is the sum of number of households reported under housing status: Emergency Shelter; Jail/Prison; and Disconnected.

End of PART 5

PART 6: Annual Certification of Continued Usage for HOPWA Facility-Based Stewardship Units (ONLY)

The Annual Certification of Usage for HOPWA Facility-Based Stewardship Units is to be used in place of Part 7B of the CAPER if the facility was originally acquired, rehabilitated or constructed/developed in part with HOPWA funds but no HOPWA funds were expended during the operating year. Scattered site units may be grouped together on one page.

Grantees that used HOPWA funding for new construction, acquisition, or substantial rehabilitation are required to operate their facilities for HOPWA eligible individuals for at least ten (10) years. If non-substantial rehabilitation funds were used they are required to operate for at least three (3) years. Stewardship begins once the facility is put into operation.

Note: See definition of Stewardship Units.

Part 7: Summary Overview of Grant Activities**A. Information on Individuals, Beneficiaries, and Households Receiving HOPWA Housing Subsidy Assistance (TBRA, STRMU, Facility-Based Units, Permanent Housing Placement and Master Leased Units ONLY)**

Note: Reporting for this section should include *ONLY* those individuals, beneficiaries, or households that received and/or resided in a household that received HOPWA Housing Subsidy Assistance as reported in Part 3, Chart 1, Row 7, Column b. (e.g., do not include households that received HOPWA supportive services *ONLY*).

Section 1. HOPWA-Eligible Individuals who Received HOPWA Housing Subsidy Assistance**a. Total HOPWA Eligible Individuals Living with HIV/AIDS**

In Chart a., provide the total number of eligible (and unduplicated) low-income individuals living with HIV/AIDS who qualified their household to receive HOPWA housing subsidy assistance during the operating year. This total should include only the individual who qualified the household for HOPWA assistance, NOT all HIV positive individuals in the household.

Chart b. Prior Living Situation

In Chart b., report the prior living situations for all Eligible Individuals reported in Chart a. In Row 1, report the total number of individuals who continued to receive HOPWA housing subsidy assistance from the prior operating year into this operating year. In Rows 2 through 17, indicate the prior living arrangements for all new HOPWA housing subsidy assistance recipients during the operating year.

Data Check: The total number of eligible individuals served in Row 18 equals the total number of individuals served through housing subsidy assistance reported in Chart a. above.

STATE ANNUAL HOUSING COMPLETION GOALS

In Fiscal Year 2011-12, the Consolidated Partners incorporated State Table 3B: State Annual Housing Completion Goals (State Table 3B) and State Table 3C: Annual Action Plan Planned Project Results (State Table 3C) into Consolidated Planning submissions. In May 2012, the Consolidated Partners submitted State Table 3B and State Table 3C with the FY 2012-13 Annual Action Plan. The column titled "Actual Annual Number of Units Completed" represents the actual units or persons served during FY 2012-13. With regards to the HOME and CDBG programs, the units completed during the reporting period were funded during various grant years. The following sections outline how the State accomplished specific one-year affordable housing goals, through the four formula programs. The four priority areas of the State of Tennessee, which represent long-term goals, and the corresponding action steps, which represent short-term or one year goals, as outlined in the five-year Consolidated Plan are as follows:

Housing

1. Preserve the affordable housing stock, increase the amount of affordable housing and increase home ownership opportunities.

Action Steps:

- 1) Preserve the affordable housing stock through housing rehabilitation targeted toward very low, low and moderate income populations in the state.
- 2) Encourage the production of multifamily housing to serve low income individuals in the state.
- 3) Target funds towards housing for elderly residents in the state with an emphasis on handicapped accessibility.
- 4) Encourage the preservation of 2-3 bedroom affordable housing units for low income families in the state.
- 5) Increase/maintain the number of housing facilities in the state for homeless individuals.
- 6) Increase the ownership rates, especially among lower income and minority households.

Non-Housing Community Development Needs

2. Provide for the viability of communities through ensuring infrastructure, community livability, health and safety, and economic development.

Action Steps:

- 7) Provide for the safety and well-being of low and moderate income families in the state by improving the quality and quantity of water in areas, which do not have safe, reliable water sources.
- 8) Provide safe, reliable wastewater services to low and moderate income families in underserved areas of the state.
- 9) Provide economic development opportunities through financing of infrastructure development, manufacturing facilities and equipment that support job creation for low and moderate income people.
- 10) General enhancement of quality of life of low and moderate income neighborhoods throughout the state.

STATE ANNUAL HOUSING COMPLETION GOALS

3. Provide for the housing and supportive services needs of homeless individuals and other special needs populations.

Action Steps:

- 11) Support the acquisition and rehabilitation of facilities to house homeless persons or those at risk of homelessness.
- 12) Provide funds to assist persons at risk of homelessness.
- 13) Increase the amount of services provided to mentally ill homeless.
- 14) Encourage programs to support children in homeless facilities to receive preventative and emergency medical care, as well as other development or cognitive services.
- 15) Provide supportive services and housing-related services for persons who are HIV positive or have AIDS.

4. Affirmatively further fair housing and ensure access to business opportunities in the state for women and minority-owned businesses.

Action Steps:

- 16) Conduct an Analysis of Impediments to Fair Housing Choice in the state.
- 17) Convene fair housing and Title VI workshops in the state for local governments, grantees, housing providers, advocates and consumers.
- 18) Provide fair housing information throughout the state, informing citizens of their housing rights.
- 19) Encourage reporting of fair housing violations by making citizens aware of their rights and providing information on access to fair housing advocates and organizations in the state.

A discussion of the State's progress in the longer-term four priority areas is discussed in pages 51-53 of the FY 2012-13 CAPER. The following information is an explanation of the State's progress and accomplishments with regards to the action steps associated with each priority area.

A. Community Development Block Grant (CDBG) Small Cities Program

During the reporting period, CDBG funds assisted with 33 affordable housing activities. The CDBG program acquired six existing units, created nine new units and rehabilitated 18 existing units.

Rehabilitation activities delivered through the CDBG Program specifically address Action Steps 1, 4, and 10.

STATE ANNUAL HOUSING COMPLETION GOALS

HOME Investment Partnership (HOME)

The HOME Program works to provide affordable housing through homeowner rehabilitation, rental rehabilitation, homeownership and new construction. In FY 2012-13, the HOME Program contributed to the completion of 312 units of affordable housing, utilizing funds from various program years. Out of the 312 units assisted during the reporting period, 200 units, or 65 percent included the rehabilitation of existing units. HOME funds additionally created 104 new units and acquired 8 existing units. All beneficiaries of the HOME program are low and moderate income. The activities provided by the HOME Program specifically address Action Steps, 1, 2, 3, 4, 6 and 10.

C. Emergency Shelter Grant/Emergency Solutions Grant (ESG)

ESG works to provide affordable housing through its Homeless Assistance and Homeless Prevention activities. During the reporting period, the ESG Program assisted 7,958 Tennesseans and provided 788 bed spaces. Activities and services delivered through the ESG Program, specifically address Action Steps 5, 11, 12, 13 and 14.

D. Housing Opportunities for Persons with AIDS (HOPWA)

During the reporting period, the HOPWA program assisted 468 individuals with HIV/AIDS and 999 family members. The HOPWA Program provides for affordable housing through its Housing Information Services Program, Short-term Rent, Mortgage and Utility Payment Program and its Permanent Housing Placement Program. The programs and services offered through the HOPWA Program specifically address Action Steps 11, 12, 14 and 15.
