## WHAT IS LIHEAP?

The Low-Income Home Energy Assistance Program (LIHEAP) is a federally funded grant program that helps income eligible households in meeting their immediate home energy needs.

LIHEAP can help you stay warm in the winter and cool in the summer through a program that reduces the risk of health and safety problems that arise from unsafe heating and cooling practices.

## WHAT ASSISTANCE DOES LIHEAP PROVIDE?

### REGULAR ASSISTANCE

Regular Assistance helps families pay their heating and cooling bills. The one-time payment is sent directly to your utility company or fuel provider, and will be credited on your bill. Assistance is based on your household size, income, and fuel type.

### CRISIS ENERGY ASSISTANCE

Crisis Assistance applicants receive the same benefit as Regular Assistance applicants. However, the Crisis component will be based on uncontrollable circumstances. Please check with your local LIHEAP agency regarding crisis eligibility.

LIHEAP helps you pay your main heating and cooling bills.

These include:

- Electric
- Gas
- Propane
- Coal
- Oil
- Kerosene
- Wood
