Affordable housing's benefits expand beyond those individuals and families who can live in safe, sound, affordable homes thanks to the programs administered by Tennessee Housing Development Agency (THDA). In addition to benefiting individuals and families, THDA's affordable housing programs impact all industries in the economy. Money spent through THDA programs has an economic multiplier, or "ripple" effect that goes far beyond specific neighborhood or housing units. Multiplier effects measure the creation of additional jobs, income, and spending in the local economy. The additional economic activity induced by THDA adds to state and local revenues.

In this study, we develop a comprehensive framework to estimate the economic impact of THDA activities in providing safe, sound, affordable housing options to households of low- and moderate-income households. To this end, we review THDA programs, including loans and grants to determine the scope and the monetary flows of each program's activities. Affordable housing programs are not limited to subsidies that bring housing costs down to levels low- and moderate-income households can afford. In addition to subsidy programs such as the Low-Income Housing Credit (LIHC) Program and the Section 8 Rental Housing, we also consider the impacts of programs and policies that reduce housing-related expenses and provide sound mortgage products to low- and moderate-income households. Finally we also consider the impacts of programs that provide services for those who are homeless or at risk of homelessness and help current homeowners keep their homes.

## ECONOMIC IMPACT OF THDA-RELATED ACTIVITIES IN 2020

Total economic impact described below is the sum of direct THDA spending, indirect business to business transactions in Tennessee's economy and additional employee spending.

### BUSINESS REVENUE

- The total contribution of THDA-related activities to Tennessee's economy was estimated at \$1.7 billion in 2020.
  - Of this total, \$848 million was directly injected into the economy by THDA-related activities.
  - Every \$100 of THDA-related activities generated an additional \$95 in business revenues.

### PERSONAL INCOME

- THDA-related activities generated \$740 million in wages and salaries in 2020.
  - Every \$100 of personal income produced an additional \$62 of wages and salaries in the local economy.

### EMPLOYMENT / JOB CREATION

- THDA-related activities created 12,582 jobs in 2020.
  - For every 100 jobs (primarily in the construction sector) created by THDA-related activities, 67 additional jobs were generated throughout the local economy.

### STATE AND LOCAL TAXES

- THDA-related activities accounted for \$57 million in state and local taxes in 2020.

<sup>1</sup> We used the IMPLAN input-output model to calculate these "ripple" effects. For more information, please see [http://bit.ly/THDA\\_Econ\\_Impact\\_2020](http://bit.ly/THDA_Econ_Impact_2020)

## HOMEOWNERSHIP AND MAINTENANCE PROGRAMS

The **Great Choice** and **New Start Homeownership Loan Programs** created 2,972 homeowners with first loans totaling \$513.3M. **Great Choice Plus DPA** loans helped 2,922 of these borrowers with \$24.3M in DPA.

The **Homebuyer Education Program** provided area agencies \$475,550 to counsel 2,899 families in purchasing their homes. The **STEP IN Program** provided pre-purchase education opportunities to 150 state employees leading to savings of \$11,100.

The **Reinstatement Only Program** issued \$36,769 in forgivable loans to 3 households.

The **HOME** Program awarded \$10.2M to local governments and non-profit organizations for rehabilitation and homeownership services to 241 households.

The **Tennessee Housing Trust Fund** supports several homeownership and home maintenance programs.

- The **Appraisal Gap Program** provided \$251,174 of gap funding to eligible nonprofit organizations to help cover the costs to build or substantially rehabilitate 13 homes in communities where property values still have not recovered and the cost to build or rehabilitate a home exceeds its appraised value.
- The **Emergency Repair Program** provided \$2M in home repair assistance for 211 eligible elderly or disabled households.
- The **Habitat for Humanity of Tennessee** Program provided \$500,000 to local Habitat affiliates to help 30 low-income home buyers access affordable housing.
- The **Home Modifications and Ramps** Program provided \$126,754 to make 91 homes accessible for persons with disabilities.
- The **Rebuild and Recover Program** provided \$500,000 to 15 households in disaster areas to recover from an eligible weather related incident.
- The **Tennessee Repair Loan Program** provided loans to low-income homeowners through nonprofits in the amount of \$1.3M to repair and improve homes for 51 residents.

Lenders received **Community Investment Tax Credits** on \$2.4M in below market loans or contributions made to eligible non-profit agencies to create or preserve 66 units of owner-occupied affordable housing.

The **Blight Elimination Program** provided \$668,427 to demolish 31 properties across the state to allow for green space or affordable housing.

The **Weatherization Assistance Program** used \$2.7M to help 225 low-income homeowners reduce their energy bills by making their homes more energy efficient. Of these homeowners, 213 received LIHEAP weatherization assistance in addition to the Weatherization Assistance Program.

The **Low-Income Home Energy Assistance Program** awarded \$29.9M to non-profits serving Tennessee to assist 38,756 low-income homeowners with their heating and cooling expenses.

## RENTAL DEVELOPMENT AND ASSISTANCE PROGRAMS

The Tennessee Housing Trust Fund's **Competitive Grants Program** awarded \$4.1M to ten non-profit organizations to develop affordable rental housing across Tennessee, which served 187 households.

The **National Housing Trust Fund** awarded \$5.2M to public housing authorities and non-profit entities for the production and preservation of 133 affordable rental housing units serving extremely low-income households.

**Low-Income Housing Credits** in the amount of \$367M were allocated to create or rehabilitate 3,844 affordable rental units. Of these, 2,342 units utilized \$241.8M in **Multi-Family Bond Authority** to assist in financing the deal.

Lenders received **Community Investment Tax Credits** on \$176.2M in below market loans or contributions made to eligible non-profit agencies and public housing authorities to assist 1,780 households through a range of housing services and to create or preserve 1,772 units of affordable rental housing.

**Section 8 Rental Assistance** helped 39,077 households with \$226.7M in rent and utility assistance.

- **Tenant-based Housing Choice Voucher** assistance of \$42.9M aided 6,780 households living in privately owned rental housing. Through the Section 8 to Homeownership Program, 52 families receiving housing choice vouchers utilized \$287,213 in voucher assistance to make mortgage payments rather than rental payments.
  - **The Family Self Sufficiency Program** helped 225 Housing Choice Voucher Program participants work toward self-sufficiency through education, training, and case management. The escrow component of the program helped participants save a total of \$331,940 in escrow/savings. Fifteen participants graduated from the program and received a total of \$97,774 in escrow disbursements.
- **Project-based** assistance of \$193.6M helped 32,194 families pay an affordable rent in properties under contract with the U.S. Department of Housing and Urban Development (HUD).

The **Weatherization Assistance Program** used \$408,322 to help 30 low-income renters reduce their energy bills by making their homes more energy efficient. Of these, 28 households, 28 received LIHEAP weatherization assistance in addition to the Weatherization Assistance Program.

The **Low-Income Home Energy Assistance Program** awarded \$56.2M to non-profits serving Tennessee, which assisted 79,075 low-income renters with heating and cooling expenses.

## HOMELESSNESS ASSISTANCE AND PREVENTION

The **Emergency Solutions Grant Program** awarded \$2.2M to non-profits serving Tennessee to support area emergency shelters, transitional housing facilities, rapid re-housing assistance, street outreach services, and Homeless Management Information Systems (HMIS). In 2020, the ESG program served 3,426 households, including clients needing shelter from domestic violence.

The THDA COVID-19 supplemental funding to **Continuums of Care** awarded \$500,000 to Continua of Care organizations across Tennessee to support the implementation of a plan to support a CoC-wide response to reduce the risk of transmission of the Coronavirus within the homelessness community.

State programs are in **red**. Federal programs are in **blue**.

PROGRAM, YEAR STARTED	2020 UNITS (OR HOUSEHOLDS)	2020 DOLLARS	CUMULATIVE UNITS (OR HOUSEHOLDS)	CUMULATIVE DOLLARS

See Methodology on Page 124 for calculation details.

<sup>1</sup> Great Choice Home Loans include the GC97 Program loans originated for 109 homebuyers in the amount of \$19M. Homebuyers who qualify for Great Choice Home Loan can apply for Great Choice Plus loans to get assistance with downpayment and/or closing costs. Homebuyer Education is required by THDA for participation in these and other programs.

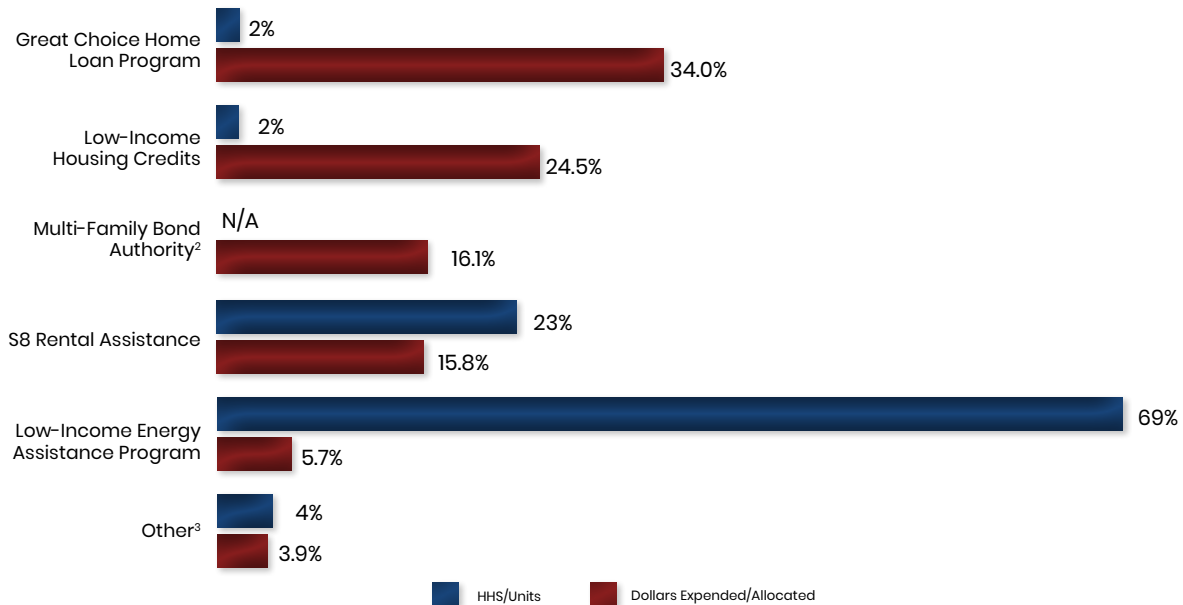

<sup>2</sup> Nearly all Multifamily Tax Exempt Bond transactions also utilize non-competitive Low-Income Housing Credits for some or all of the units. The LIHC total shown here is inclusive of these units. Some bond transactions include additional market-rate units. In 2020, the bond program produced a total of 1 market rate unit in Knox County in addition to the LIHC units listed in the county program totals.

Italics denote State of Tennessee programs. All others are federal programs.

**THE ESTIMATED ECONOMIC IMPACT OF THDA-RELATED ACTIVITIES IN TENNESSEE IN 2020 WAS \$1.7B.**

**FIGURE 1. PERCENTAGE OF HOUSEHOLDS/UNITS SERVED AND DOLLARS EXPENDED/ALLOCATED BY THDA PROGRAM, 2020<sup>1</sup>**

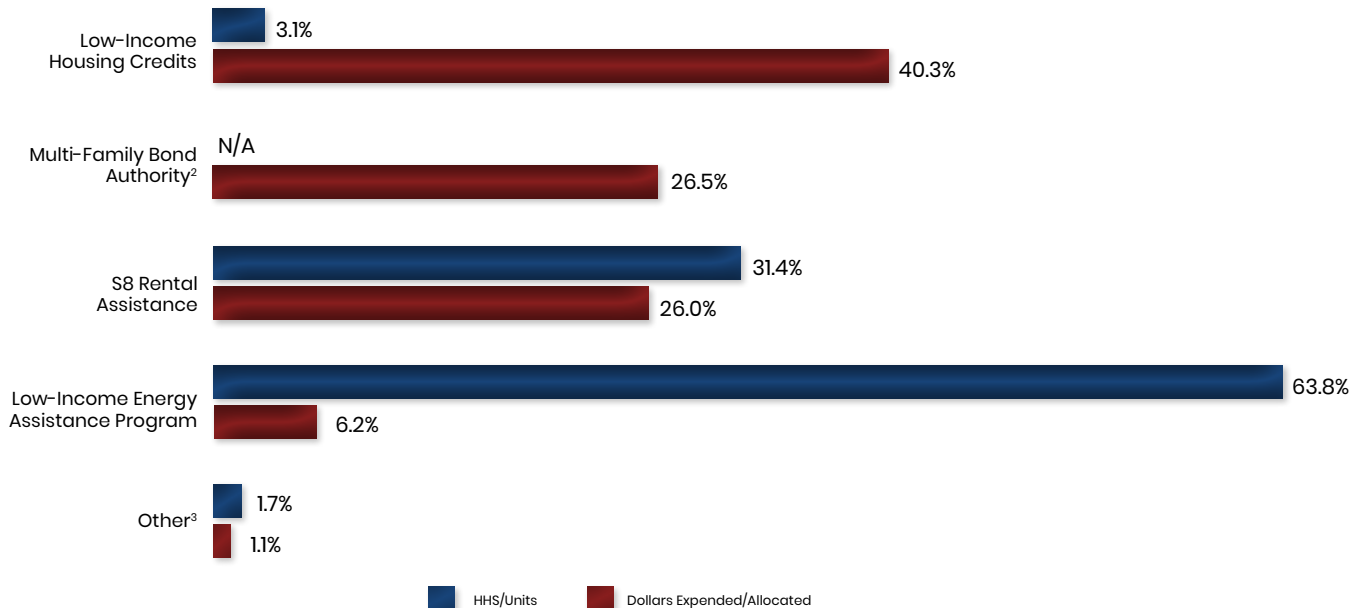

<sup>1</sup> THDA Programs with number of households/units one percent or less of total households/units or dollars expended/allocated one percent or less of total dollars expended/allocated are combined under "Other" category, which includes Weatherization Assistance, Second Mortgage Loans, Reinstatement Only Program, Housing Trust Fund, Homebuyer Education, HOME, ESG, CITC, Blight Elimination Program and New Start Program.

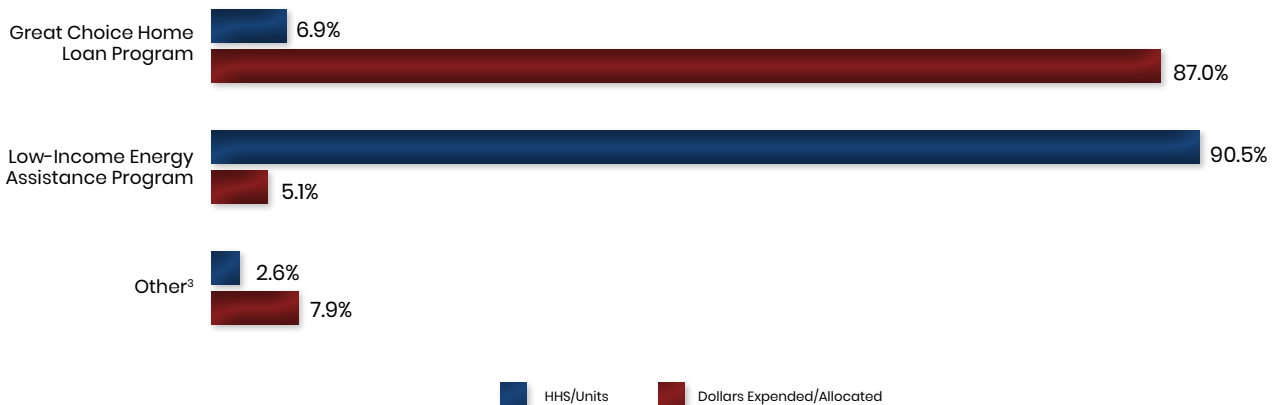

<sup>2</sup> Statewide, 2,342 units funded with LIHC also received Multi-Family Bond Authority funding. To prevent double counting, those units are removed from the total.

<sup>3</sup> For some programs under "Other" Programs category, either the dollars or households/units are excluded from the statewide total dollar expended/allocated or total households/units served for the reasons explained below: (1) Community Investments Tax Credits (CITC) dollars represent the amount of below market loans rather than the tax credit amount received. Therefore, CITC dollars are excluded from total dollars expended, while the total HHS/units include CITC. (2) Homebuyer Education households are already counted as part of the Homeownership Loan Program. To prevent doublecounting, those borrowers are removed from the total. (3) Second Mortgage Loans are provided for Great Choice Program borrowers who needed downpayment and closing costs assistance. To prevent doublecounting, those borrowers are removed from the total.

**FIGURE 2. PERCENTAGE OF HOUSEHOLDS/UNITS AND DOLLARS EXPENDED/ALLOCATED BY THDA RENTAL PROGRAMS, 2020<sup>1</sup>**

**FIGURE 3. PERCENTAGE OF HOUSEHOLDS/UNITS AND DOLLARS EXPENDED/ALLOCATED BY THDA HOMEOWNERSHIP PROGRAMS, 2020<sup>1</sup>**

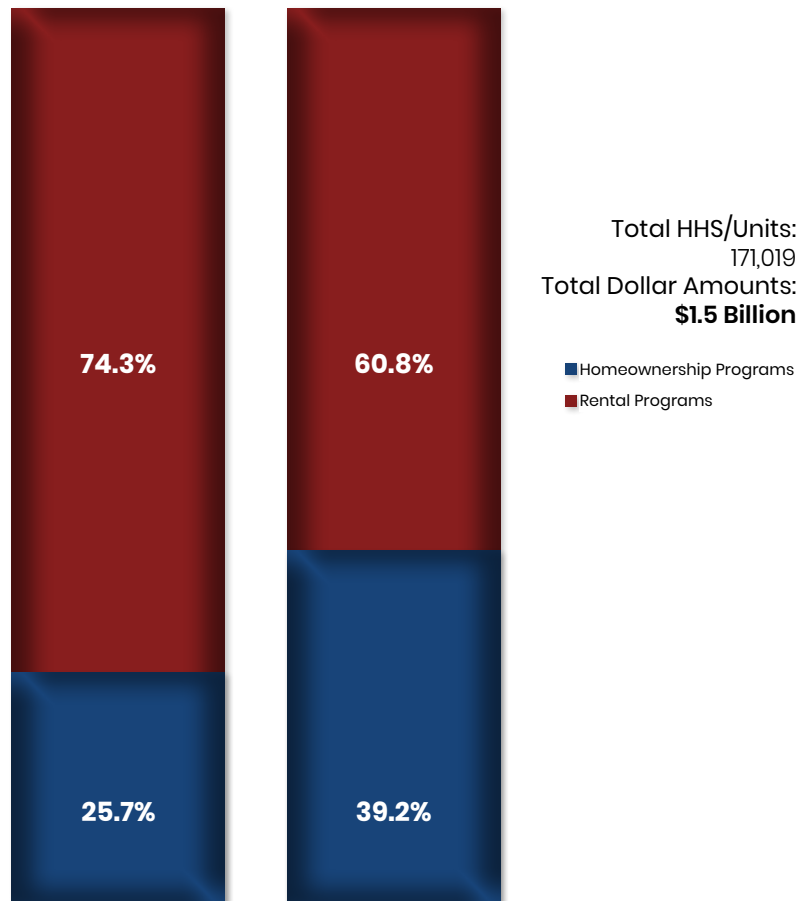

<sup>1</sup> THDA Programs with number of households/units one percent or less of total households/units or dollars expended/allocated one percent or less of total dollars expended/allocated are combined under "Other" category, which includes Weatherization Assistance, Second Mortgage Loans, Reinstatement Only Program, Housing Trust Fund, Homebuyer Education, HOME, ESG, CITC, Blight Elimination Program and New Start Program.

<sup>2</sup> Statewide, 2,342 units funded with LIHC also received Multi-Family Bond Authority funding. To prevent double counting, those units are removed from the total.

<sup>3</sup> For some programs under "Other" Programs category, either the dollars or households/units are excluded from the statewide total dollar expended/allocated or total households/units served for the reasons explained below: (1)Community Investments Tax Credits (CITC) dollars represent the amount of below market loans rather than the tax credit amount received. Therefore, CITC dollars are excluded from total dollars expended, while the total HHS/units include CITC. (2)Homebuyer Education households are already counted as part of the Homeownership Loan Program. To prevent doublecounting, those borrowers are removed from the total. (3)Second Mortgage Loans are provided for Great Choice Program borrowers who needed downpayment and closing costs assistance. To prevent doublecounting, those borrowers are removed from the total.

## FIGURE 4. PERCENTAGE OF THDA TOTALS BY HOMEOWNERSHIP AND RENTAL PROGRAMS, 2020

- 1 THDA Programs with number of households/units one percent or less of total households/units or dollars expended/allocated one percent or less of total dollars expended/allocated are combined under "Other" category, which includes Weatherization Assistance, Second Mortgage Loans, Reinstatement Only Program, Housing Trust Fund, Homebuyer Education, HOME, ESG, CITC, Blight Elimination Program and New Start Program.
- 2 Statewide, 2,342 units funded with LIHC also received Multi-Family Bond Authority funding. To prevent double counting, those units are removed from the total.
- 3 For some programs under "Other" Programs category, either the dollars or households/units are excluded from the statewide total dollar expended/allocated or total households/units served for the reasons explained below: (1)Community Investments Tax Credits (CITC) dollars represent the amount of below market loans rather than the tax credit amount received. Therefore, CITC dollars are excluded from total dollars expended, while the total HHS/units include CITC. (2)Homebuyer Education households are already counted as part of the Homeownership Loan Program. To prevent doublecounting, those borrowers are removed from the total. (3)Second Mortgage Loans are provided for Great Choice Program borrowers who needed downpayment and closing costs assistance. To prevent doublecounting, those borrowers are removed from the total.

## BLIGHT ELIMINATION PROGRAM (BEP)

The Hardest Hit Fund's Blight Elimination Program (BEP) assists with the removal of blighted properties in targeted areas within Tennessee. THDA works in partnership with approved land banks and non-profit partners to strategically target residential single-family properties for demolition, site improvement, and acceptable reuse. The BEP is designed to reduce foreclosures, promote neighborhood stabilization, and maintain property values through the demolition of vacant, abandoned, blighted residential structures, and subsequent greening/improvement of the remaining parcels within the targeted areas. This program is funded by the U.S. Department of the Treasury's Hardest Hit Fund.

## COMMUNITY INVESTMENT TAX CREDIT (CITC)

Financial institutions may obtain a credit against their franchise. This occurs through the use of an excise tax liability when qualified loans, investments, grants, or contributions are extended to eligible non-profit organizations, development districts, public housing authorities, or THDA for activities that create or preserve affordable housing, help low-income Tennesseans obtain affordable housing, or build the capacity of eligible non-profit organizations that improve housing opportunities for low income Tennesseans. The households served are those who have an income at or below 80% of the area median income as determined by the U.S. Department of Housing and Urban Development (HUD) for the Housing Choice Voucher Program.

## EMERGENCY SOLUTIONS GRANTS (ESG) PROGRAM

THDA administers the federally-funded Emergency Solutions Grants (ESG) Program on behalf of the State of Tennessee to improve the housing stability of individuals and families who are homeless or threatened with homelessness. Funds may be used to help meet the costs of operating and maintaining emergency shelters and providing essential services to shelter residents, to undertake street outreach, to provide emergency intervention assistance, to prevent homelessness, and to offer rapid re-housing services to move homeless families and individuals to permanent housing quickly. ESG funds are awarded annually through a competitive process to nonprofit organizations and local governments across the state of Tennessee.

## GREAT CHOICE HOME LOANS & GREAT CHOICE PLUS DPA

Since its inception in 1973, THDA has helped more than 120,000 households become homeowners through its Single Family Homeownership Loan Programs. THDA's Great Choice Home Loan program offers affordable, 30-year fixed rate mortgages for income eligible, first-time buyers through local lenders and offers a competitive interest rate. In addition, borrowers needing downpayment and/or closing costs assistance can receive the Great Choice Plus DPA second mortgage to accompany the Great Choice first mortgage. Great Choice Plus DPA offers up to \$7,500 as a subordinate lien, amortized over 15 years at the same interest rate as their first mortgage. Homeownership for the Brave, which is part of the Great Choice Home Loan program, offers a half percentage point discount to the Great Choice interest rate for those eligible veterans, active duty military, and national guardsmen.

## HOME PROGRAM

THDA administers the federally-funded HOME Program on behalf of the State of Tennessee to promote the production, preservation and rehabilitation of housing for homeownership by individuals and families of low-income. THDA's HOME funds are awarded annually through a competitive application process to cities, counties, and non-profit organizations serving communities that do not receive their own allocation of HOME funds from the U.S. Department of Housing and Urban Development. Additionally, Community Housing Development Organizations (CHDOs) serving any community in Tennessee may also receive funding through the state's HOME program.

## HOMEBUYER EDUCATION PROGRAM

Since the home purchase process can be costly and complex, THDA recognizes the value of homebuyer education. The purpose of homebuyer education is to assist people with purchasing homes and help them become successful homeowners. This is why THDA requires homebuyer education for all of its mortgage applicants. THDA works with approved providers of homebuyer education by providing materials to teach first-time homebuyer education classes and hosts annual trainings, which allow providers to obtain and maintain their certification. THDA also maintains a calendar of approved classes on its website and a county-specific list of certified homebuyer educators who can help consumers through the process of purchasing a home.

## LOW-INCOME HOME ENERGY ASSISTANCE PROGRAM (LIHEAP)

THDA administers the federally funded Low-Income Home Energy Assistance Program (LIHEAP) that assists households below 150 percent of the federal poverty standards to meet their home energy needs and improve the energy efficiency of their homes. LIHEAP provides regular and crisis assistance across Tennessee in partnership with local community service agencies and local governments. Priority in energy assistance, as well as the level of assistance, is based on the energy burden, income, household size, and the presence of the elderly, individuals with disabilities, and young children. LIHEAP funds are also provided to meet the health and safety needs of homes receiving assistance under the state's Weatherization Assistance Program.

## LOW-INCOME HOUSING CREDIT (LIHC)

The Low-Income Housing Credit is a credit against federal income tax liability for owners of and investors in affordable rental housing. The credit was designed to create and preserve safe and affordable rental housing for households of low-income. The amount of credit is based on reasonable costs of development, as determined by THDA, and the number of qualified affordable units.

## MULTIFAMILY TAX-EXEMPT BOND AUTHORITY

The Multifamily Tax-Exempt Bond Authority program provides financing for new construction of affordable rental housing units, conversion of existing properties through adaptive reuse, or acquisition and rehabilitation of rental units. Municipalities receive an allocation of the state's tax-exempt bond authority and sell bonds in support of housing development.

## NATIONAL HOUSING TRUST FUND (NHTF)

THDA administers the federally funded National Housing Trust Fund (NHTF) to expand the production and preservation of affordable rental housing for households with extremely low-incomes. Grants may be used for housing acquisition, new construction, or rehabilitation across Tennessee. Funds are awarded through a competitive application process.

## NEW START LOAN PROGRAM

The New Start Loan Program is designed to promote the construction of new homes for low- and very low-income Tennesseans. The New Start Loan Program is delivered through non-profit organizations (the "New Start Program Partner" or "Program Partner") with established programs for the construction of single family housing for low- and very low-income households. The loans carry a zero percent interest rate.

## REINSTATEMENT ONLY PROGRAM (ROP)

The Reinstatement Only Program provides assistance to homeowners who have fallen behind on their mortgage loans and are in imminent danger of losing their home to foreclosure due to a qualified hardship that occurred after they acquired their home. The goal of this program is to reduce delinquencies and foreclosures by helping delinquent borrowers become current on their mortgages. This program is funded by the U.S. Department of the Treasury's Hardest Hit Fund.

## SECTION 8 PROJECT-BASED RENTAL ASSISTANCE (CONTRACT ADMINISTRATION)

The Section 8 Contract Administration and Compliance Division manages Housing Assistance Payment contracts between HUD and Section 8 property owners across the state. To complete this work, THDA processes monthly payments to owners and oversees annual contract renewals and rent adjustments with property agents. THDA also reviews and approves special claims, contract opt-outs and terminations, handles issue calls from residents, and conducts Management and Occupancy Reviews (MORS). In return, Section 8 property owner-agents provide safe, decent and affordable housing units at 373 properties to an estimated 30,000 elderly, disabled, and/or low-income Tennessee households. Unlike the "Section 8 Housing Choice Voucher" program these performance-based HUD subsidies do not follow tenants directly. Rather, they are tied to units at specific properties under long-term contracts with HUD.

## SECTION 8 TENANT-BASED RENTAL ASSISTANCE (HOUSING CHOICE VOUCHERS)

The Housing Choice Voucher (HCV) program provides monthly rental assistance to eligible participants who are elderly, disabled, or very low-income. This HUD-funded program enables eligible households or individuals to obtain decent, safe, and sanitary housing by paying a portion of rental costs. Participants are able to find their own housing in the private market, including single-family homes, townhouses, and apartments. The housing subsidy is paid to the landlord directly by THDA on behalf of the participating household. The household then pays the difference, when applicable, between the actual rent charged by the landlord and the amount subsidized by the program. THDA serves households through the HCV program in 72 Tennessee counties. The program is administered in the remaining counties by other public housing agencies (PHAs). A list of these public housing agencies may be found at [www.hud.gov/offices/pih/pha/contacts/states/tn.cfm](http://www.hud.gov/offices/pih/pha/contacts/states/tn.cfm).

All participating HCV households have the option to participate in the Family Self Sufficiency program (FSS). As a part of the program, THDA works with households and interested parties to create step-by-step plans that lead to economic independence. The purpose of the FSS program is to facilitate access to supportive services that households could use to become free of public assistance.

## TENNESSEE HOUSING TRUST FUND (THTF)

The Tennessee Housing Trust Fund (THTF) expands housing options for very low-income Tennesseans by leveraging THDA funds with private sector investment and matching funds from local grantees. The THTF resources are used to fund the following programs:

- The **Appraisal Gap Program** provides nonprofit housing agencies with a grant of up to \$20,000 to cover the gap between the organization's actual cost to build or renovate a home and the appraised value of the residence. Applications are processed on a first-come, first-served, basis.
- The **Competitive Grants Program** provides grants for the rehabilitation or construction of affordable rental housing for very low income families and individuals. Applications are accepted through two funding rounds each year.
- The THDA COVID-19 supplemental funding to **Continuum of Care (CoC)** provides grants of up to \$50,000 to support CoC-wide responses to reduce the risk of transmission of the coronavirus within the homeless community.
- The **Challenge Grant Program** provides initial seed funding to support the fundraising efforts of non-profit organizations to implement housing activities that represent unique milestones, are part of a broad community initiative, or are part of a significant expansion of work outside the normal day to day activities of the organization.
- **Habitat for Humanity of Tennessee** receives funding, which it distributes to local affiliates for the new construction of single family homes.
- The **Emergency Repair Program** provides grants of up to \$10,000 to homeowners who are elderly or disabled to repair or replace essential systems and/or address critical structural problems.
- The **Home Modifications and Ramps Program** is administered by United Cerebral Palsy of Middle Tennessee to build ramps and improve the accessibility of homes for low-income individuals with disabilities across Tennessee.
- The **Rebuild and Recover Program** provides resources to local communities impacted by a weather-related incident which does not rise to the level of a presidential or state declared disaster.
- The **Tennessee Repair Loan Program (TRLP)** helps sustain homeownership across the state by providing safe and sound housing to households with low-incomes, veterans, seniors, or special needs via loans for repairs or improvements.

## WEATHERIZATION ASSISTANCE PROGRAM

THDA administers the federally funded Weatherization Assistance Program that assists households with incomes at or below 200 percent of the federal poverty standards. The Weatherization Assistance Program intends to reduce households' fuel costs while contributing to national energy conservation through increased energy efficiency and consumer education. Examples of common weatherization measures that may be provided include weather stripping, air sealing, caulking, replacement of inefficient HVAC units, and adding of insulation to attics, walls, and floors. The program is administered with LIHEAP Weatherization resources to eliminate health and safety issues of assisted units.

1 Great Choice Home Loans include the GC97 Program loans originated for 4 homebuyers in the amount of \$512,743. Homebuyers who qualify for Great Choice Home Loan can apply for Great Choice Plus loans to get assistance with downpayment and/or closing costs. Homebuyer Education is required by THDA for participation in these and other programs.

2 Nearly all Multifamily Tax Exempt Bond transactions also utilize non-competitive Low-Income Housing Credits for some or all of the units. The LIHC total shown here is inclusive of these units. Some bond transactions include additional market-rate units. In 2020, the bond program produced a total of 1 market rate unit in Knox County in addition to the LIHC units listed in the county program totals.

Italics denote State of Tennessee programs. All others are Federal programs.

1 Great Choice Home Loans include the GC97 Program loans originated for 16 homebuyers in the amount of \$2.3M. Homebuyers who qualify for Great Choice Home Loan can apply for Great Choice Plus loans to get assistance with downpayment and/or closing costs. Homebuyer Education is required by THDA for participation in these and other programs.

2 Nearly all Multifamily Tax Exempt Bond transactions also utilize non-competitive Low-Income Housing Credits for some or all of the units. The LIHC total shown here is inclusive of these units. Some bond transactions include additional market-rate units. In 2020, the bond program produced a total of 1 market rate unit in Knox County in addition to the LIHC units listed in the county program totals.

Italics denote State of Tennessee programs. All others are federal programs.

**THE ESTIMATED ECONOMIC IMPACT OF THDA-RELATED ACTIVITIES IN U.S. CONGRESSIONAL DISTRICT 8 IN 2020 WAS \$139.4M.**

\* Community Investment Tax Credits (CITC) dollars represent the amount of below market loans rather than the tax credit amount received. Therefore, CITC dollars are excluded from total dollars expended, while the total HHs/units include CITC.

The Emergency Solutions Grant cannot be classified as homeownership or rental program. Therefore, the awarded dollars are not included in total rental or homeownership dollars.

Statewide, 2,342 units funded with LIHC also received Multi-Family Bond Authority funding. To prevent double counting, those units are removed from the total units count.

Second Mortgage Loans are provided for Great Choice Program borrowers who needed downpayment and closing costs assistance. Since they are already counted in homeownership loan program, those borrowers are excluded to prevent double counting.

# **INVESTMENTS & IMPACTS 2020**

  
**Tennessee Housing**  
Development Agency

---

**METHODOLOGY**

*Some funding categories with more than one program may have a total that appears different than the sum of the rounded sub-categories due to rounding.*

## BLIGHT ELIMINATION PROGRAM

Blight Elimination Program dollars represent the total amount of funding provided to program participants who complete the entire demolition and greening process. The funds reflected in this report are the dollars drawn down from U.S. Treasury, rather than an accounting of all the commitments made for future loans. A Blight Elimination Program participant/organization submits a loan application to THDA for review. If the application is approved, the program participant receives funding from THDA for the acquisition, demolition, and greening of the blighted property. Once the entire demolition and greening process is complete, Treasury/Hardest Hit Funds are used to pay off the THDA loan.

## COMMUNITY INVESTMENT TAX CREDIT (CITC)

Community Investment Tax Credit (CITC) dollars represent the amount of below market loans or qualified investments or grants that are extended to organizations in order to receive tax credits, rather than the amount of the tax credit itself. CITC funds can be used for homeownership, rental, and homelessness prevention activities. The number of households served and their corresponding dollar amounts are given separately for each of these activities. Cumulative dollar amounts and households served are not separated by activity because the relevant data were not collected from the beginning of the program.

Beginning in 2015, we began reporting the number of households served rather than housing units. Comparable data are not available for previous years. Therefore, the cumulative number of households served with CITC funds underestimates the actual number of households that were helped by the program. Prior to 2015, the number of units that were rehabilitated or reconstructed with the CITC funds were reported rather than the number of households that were served. Differences between units and households exist when services are tied to housing services and assistance such as counseling, supports or downpayment assistance.

We report figures based on the application approval date. The investment applications that had not yet been approved in 2020 will be reported in 2021 once they have been approved.

## EMERGENCY SOLUTIONS GRANT PROGRAM (ESG)

ESG funds are awarded annually through a competitive application process to cities, counties and nonprofit organizations outside of local participating jurisdictions that receive their own ESG allocation directly from the U.S. Department of Housing and Urban Development (HUD).

Instead of basing dollar amounts on grant allocations as we have in prior years, we report the actual spending by ESG grantees and sub-grantees. Once we determine the total spending during the year for each grantee, we distribute the dollars spent in each county based on the ratio of low-income renter households in county grantee serves. Because grantees often serve multiple counties, this calculation was required to determine the approximate spending by county.

The data also include the number of households served by each agency, as reported in their Quarterly Reports. These numbers may be underreported for some agencies that have not submitted their Quarterly Reports.

## GREAT CHOICE HOME LOANS

The 2020 Great Choice Home Loans include the first mortgage loans funded during the year through the Great Choice, Great Choice Plus and GC97 loan programs. In previous years, New Start Program loans were also reported under Great Choice Home Loans. In 2020, we separate the New Start Program loans. Therefore, the cumulative number of loans and the dollar amount of loans in 2020 may differ from the previous years.

The number and dollar amount of second mortgage loans for the Great Choice Program borrowers who needed downpayment and closing costs assistance are not included in the Homeownership Loan Program units and dollars. The second mortgage loans are reported separately under the Great Choice Plus Loan Program.

## GREAT CHOICE PLUS DOWNPAYMENT ASSISTANCE (DPA) LOANS

Great Choice Plus DPA loan units and dollars represent the number and dollar amount of second mortgage loans funded for the Great Choice Program borrowers who needed downpayment and closing costs assistance, including the GC97 borrowers.

## HOME INVESTMENT PARTNERSHIPS PROGRAM

HOME funds are awarded annually through a competitive application process to cities, counties and nonprofit organizations outside of local participating jurisdictions that receive their own HOME allocation directly from the U.S. Department of Housing and Urban Development (HUD). Applications from these entities may be used to implement homeowner rehabilitation or second mortgage assistance programs in their communities or service areas.

HOME funds are also awarded to nonprofit housing developers that qualify as a Community Housing Development Organization (CHDO) and which may be located anywhere in the state of Tennessee. HOME resources for CHDOs may be used only for the development of housing for sale to low and moderate income households. Successful CHDO applicants may also receive operating assistance to help support the sustainability of the organization. From 2004 to 2009, the HOME program also funded American Dream Downpayment Initiative (ADDI). The cumulative HOME dollars and units include ADDI.

Reported HOME dollars include both the project funds and administrative funds provided to grantees. Both dollars and units are based on allocation (awards), not the spending during the year. The HOME program may reallocate recaptured funds<sup>1</sup> or program income<sup>2</sup> from one HOME program year to the next. The awarded funds may include program income and recaptured funds from previous rounds. Therefore, the cumulative HOME dollars may be different than cumulative HUD allocation to Tennessee.

## HOMEBUYER EDUCATION PROGRAM

The Homebuyer Education Program pays the costs for certified counseling agencies to provide homebuyer education for those whose mortgages are funded by THDA's homeownership loan programs. For the purposes of this summary report, payments are reflected in the counties where THDA customers purchased homes, rather than in the counties where the homebuyer education providers are located. A difference in time may occur between the date someone

<sup>1</sup> Recaptured funds are funds from previous HOME rounds that have been unspent and reallocated to future HOME awards.

<sup>2</sup> The HOME program makes a small amount of program income from repayments made by homeowners who do not comply with the established terms of the period of affordability or compliance period.

receives homebuyer education and the date of funding the loan due to the length of the home buying process. Additionally, some THDA loan products do not require homebuyer education. Therefore, the number of loans funded in a county may differ from the number of borrowers who received homebuyer education in the county.

Although the Homebuyer Education Program began in 2003, the cumulative totals include only 2007 through 2020 data.

The STEP IN Program provided pre-purchase education opportunities to state of Tennessee employees at a discounted rate. For 2020 Investments and Impacts, the number shown is the total number of state employees who took the coupon code and were transferred to an agency. The dollar amount of savings is calculated by multiplying the difference between the full cost of counseling and the price paid by the employees with the number of employees who took advantage of this opportunity.

## LOW-INCOME HOME ENERGY ASSISTANCE PROGRAM (LIHEAP)

The Low Income Home Energy Assistance Program (LIHEAP) assists low income households with home energy costs. LIHEAP is administered through a network of local agencies that serve all 95 counties. The total dollar amounts reflect the invoiced amounts (including both program and administrative spending) from LIHEAP providers for the year. The number of households served and the dollar amount of LIHEAP assistance provided in each county include both Crisis LIHEAP and Regular LIHEAP households served and payments made during the calendar year.

In 2020, as in the previous years, THDA transferred a portion of the LIHEAP annual allocation to be used in the Weatherization Assistance Program (WAP). The dollars and units corresponding to these funds appear under the Weatherization Assistance Program.

Although LIHEAP was first funded in 1981, the cumulative totals reflected in this report start in 2014, which is when THDA began administering the program in October 2013.

## LOW-INCOME HOUSING CREDITS (LIHC)

Federal low-income housing credits are allocated to developers of qualified projects. Competitive (nine percent) and non-competitive (four percent) credits are included in the reporting. Units are counted in the year in which the tax credits are allocated, rather than the year in which construction or rehabilitation is completed. The dollar amounts listed under the LIHC program represent the total value of tax credits, over 10 years. If a developer returns the credit, those credits and their units are removed from the cumulative. Additionally, if a developer exchanges a previous allocation for the current year, we remove the credits and units from the previous year and include them in the current year's credit allocation. If the credit amount and/or number of units change, we adjust them to reflect the most recent allocations.

Some developments receive tax credit allocations for rehabilitation/preservation of existing LIHC developments. New investment in these properties is required to preserve affordability and quality into the future. Over the life of the program, these developments have received two LIHC allocations. Therefore, the units are counted twice in the cumulative unit totals.

## MULTI-FAMILY TAX-EXEMPT BOND AUTHORITY

THDA issues bond authority to local issuers for multi-family development. Nearly all Multifamily Tax Exempt Bond transactions also utilize non-competitive Low Income Housing Credits (LIHC) for some or all of the units. The LIHC total unit reported is inclusive of these units. Some bond transactions include additional market-rate units. In 2020, the bond program produced one market rate unit in Knox County in addition to the LIHC units listed in the county program totals.

## NATIONAL HOUSING TRUST FUND

The National Housing Trust Fund is one of three formula grant programs awarded to THDA by the U.S. Department of Housing and Urban Development (HUD).

The National Housing Trust Fund totals are calculated using the awarded amounts in the given year and the number of household units projected to be completed in each agency's application.

## NEW START LOAN PROGRAM

The New Start Loan Program is designed to promote the construction of new homes for low- and very low-income Tennesseans, and delivered through non-profit organizations (the "New Start Program Partner"), which are responsible for selecting the homebuyer, determining the borrower's eligibility based on New Start Program guidelines, constructing the home, providing homebuyer education, and originating the New Start Loan. 2020 New Start Program loan totals include the loans provided for these homebuyers. In previous years, New Start Program borrowers were reported under Great Choice Home loans, but are separated this year.

## REINSTATEMENT ONLY PROGRAM

The Reinstatement Only Program pays all mortgage loan and mortgage-related expenses (including property taxes, homeowner insurance, homeowner dues) to the loan servicer to bring the homeowner's mortgage loan current. The maximum loan amount is \$20,000, although the disbursed assistance amount could be less depending on the borrower's need. The reported amount is the disbursed amount after servicers receive the payments for the borrower. The number of households is the number of borrowers whose reinstatement payments were made. If THDA has committed to a borrower, but has not yet disbursed funds to the servicer, those borrowers and dollar amounts are not included in the total.

## SECTION 8 PROJECT-BASED RENTAL ASSISTANCE (CONTRACT ADMINISTRATION)

The U.S. Department of Housing and Urban Development (HUD) contracts with THDA to administer Section 8 project-based contracts for Section 8 properties across Tennessee. The figures reported at the county level reflect the total number of families who lived in a project-based unit in 2020. More than one family may occupy a project-based unit during the year if a family moves out of the unit mid-year. Thus, the number of households may exceed the total number of contracted units. A family also may relocate from one project-based unit within a county to a project-based unit in a different property and county during the year. Thus, county totals are not added to determine the state total. Instead, a separate state total is calculated by counting each family once. Because of the structure of the program, it is difficult to compute a meaningful cumulative total.

## SECTION 8 TENANT-BASED RENTAL ASSISTANCE (HOUSING CHOICE VOUCHERS)

Section 8 Rental Assistance units and amounts reflect the number of families who used a voucher to lease a privately owned unit or pay a mortgage through THDA's Housing Choice Voucher Program in 2020. The figures reported at the county-level reflect the total number of families served in 2020. The numbers do not reflect vouchers administered by other public housing agencies who operate a voucher program in counties THDA does not serve or in counties where THDA overlaps service with another agency. Because some families may have moved and used vouchers in multiple

counties during the year, county totals are not added to determine the state total. Instead, a separate state total is calculated by counting each family once. Because the structure of the program, it is difficult to compute a meaningful cumulative total.

## TENNESSEE HOUSING TRUST FUND

The Tennessee Housing Trust Fund (THTF) funds several programs including the Appraisal Gap Pilot Program, the Challenge Grant, the Competitive Grants Program, Continuum of Care, the Emergency Repair Program, the Habitat for Humanity of Tennessee Program, the Rebuild and Recover Program, and the Tennessee Repair Loan Program (TRLRP). The dollar amounts for THTF programs include the administrative funds provided to grantees. The dollar amounts and households served for The Continuum of Care, the Competitive Grants Program, the Challenge Grant and the Rebuild and Recover Program are based on grant allocation during the year. Meanwhile, in other THTF programs, the dollar amounts and households served are based on expenditures that occurred during the year. Cumulative dollar amounts reflect the amount of funding awarded. Because the Challenge Grant Program awards special projects, a unit or household count may not be available.

A few programs funded by the THTF previously are no longer active. The Manufactured Home Program was discontinued in 2015 and has no funding associated with it. The THDA/USDA Rural Repair Program ended in July 2015, and the annual allocation of \$700,000 became part of the Emergency Repair for the Elderly Program. The cumulative units and dollar amount of the Tennessee Housing Trust Fund include Manufactured Home Program and Rural Repair Program funds that were allocated in the past, though their individual programmatic amounts are no longer shown.

## WEATHERIZATION ASSISTANCE PROGRAM

The total dollar amounts reflect the invoiced amounts (including both program and administrative spending) from weatherization providers for 2020.

In July 2012, the Weatherization Assistance Program was transferred from the Department of Human Services (DHS) to THDA. Although the Weatherization Program was first funded in 1976, the cumulative totals reflected in this report start in 2013.

In 2020, as in the previous years, THDA transferred a portion of the LIHEAP annual allocation to be used in the Weatherization Assistance Program. The dollars and units corresponding to these funds appear under the Weatherization Assistance Program.

## CONGRESSIONAL DISTRICT NOTES

Congressional district boundaries for 2020 are based on the 113th session of the U.S. Congress. Calculations include an entire county's data for all counties represented in the district, not just the portion of the county in the district. Some counties may be included in more than one congressional district, which means the state total cannot be determined by summing the district totals. The cumulative totals for the congressional districts represent the current configuration of the district. Therefore, they may differ from totals in previous years.

With the exceptions of the Section 8 programs, the figures for the congressional district rely on the methodologies outlined for the individual programs. For both Section 8 programs, if a beneficiary received assistance in more than one county within the district, the beneficiary is counted only once within a given district.
